TRANSPORT DESTROYED

Loss of Life Said to be Heavy.

Loss a Great Ship of the West Coast of Greece.

Launches a Bolt Against the British Forces Near St. Eloi.

For Both the French and Germans in Fighting at Verdun.

ATLANTIC CABLE AND A. P. J. GONZALEZ, April 7, 2:30 a.m.—An Athens dispatch to the Daily Mail says that a telegram has been received from Preveza to the effect that a large transport belonging to the Entente allies has been sunk off the west coast of Greece.

VERDUN. The French War Office officially announced that the month of March saw a total of thirty-five German aeroplanes destroyed and that the French aerial losses amounted to only thirteen aeroplanes.

WHITE BABY SEAL ON THE HOOK.

Hare Specimen is Presented to the Portland City Park Zoo.

PORTLAND (Or.) April 6.—A baby white seal, said to be a rare specimen, was presented to the City Park zoo here today.

ILLINOIS CONGRESSMAN SAID TO BE THE MORE LIKELY TO WIELD G.O.P. GAVEL.

Subcommittee Meets Today to Formally Announce its Selection.

Presumptuous Declarations of Candidacies Fail to Ruffle the Party.

CHICAGO BUREAU OF THE TIMES, April 6.—The subcommittee of the Republican National Committee will meet in the Congress Hotel tomorrow to name a temporary chairman of the Coliseum convention.

When the subcommittee met last month Congressman Mann was informally chosen, as far as the subcommittee was concerned. Announcement of his selection was deferred by Chairman Hillier over night.

Early the next morning Congressman Warren of Michigan notified his colleagues on the subcommittee that he had received a telegram from Senator William Alden Smith of Michigan suggesting that the announcement of Congressman Mann's selection be deferred until after the Michigan primaries, which were held Monday.

It would be the gist of the message from Senator Smith, Chairman Hillier said, that no Illinois Congressman takes so much to the temporary chairmanship as to the absence last month of three members of the subcommittee.

Recovering from Michigan show that Senator Smith has been defeated in the Presidential preference primaries by Henry Ford.

Where the Next Phase of the Great War May Develop.

On the Holland-German border.

The above picture is from a photograph sent out by the German government at the early stage of the war. Since then there has developed danger of a clash between Germany and Holland.

The picture shows German and Hollandish troops on guard on the southeastern border of Holland, where, it has been said in London dispatches, German troops may cross into Holland. The Kaiser is reported to have his eyes on the great war riches of the Netherlands.

System.

WEE BABY BOY A LEARNED MAN.

FOUR-YEAR-OLD PHILIP HALL DISCUSSES LINCOLN.

He Can Also Read, Write, Spell, Name the Capital of Every State and the Counties in California, Play a Piano and is Acquainted with the "Merchant of Venice."

IT IS A F. NIGHT WIRE. SAN FRANCISCO, April 6.—Philip Hall, 4 years old, can read, write, spell, tell the capital of every State in the Union, name each of the fifty-eight counties in California and their capitals, play a piano, discuss Abraham Lincoln and the "Merchant of Venice," ride a pony and do a lot of other things that most little boys of his age can't. According to his teachers—he has been trained under a system since 2½ years old—Philip is "perfectly natural and sane."

Philip has never overstepped his age. He has many toys. He learned history through nursery rhymes, and his music he is learning by singing historic songs in his family.

His teachers, Miss Leona Porter and Mrs. Lottie McKellar, founder of the system, say that Philip began his education too late—that it should have begun at 6 months. He began with ten minutes study a day, but now applies himself daily two and one-half hours. His play is his work.

Philip exhibited his intellectual prowess a recent. He spelled approval, operation, explored, played useful, confuse, operate, group and domestic right off, but missed on courage, meekness and acquired.

Promises.

IT IS A F. NIGHT WIRE. MEXICO CITY, April 6.—Gen. Guiterrez reported to the War Department today that the capture of Francisco Villa within a very short time was certain. He said Constitutional forces were again reported to have located Villa and surrounded him.

It is also reported that a combined force of Constitutional troops from the State of Jalisco, Aguascalientes and Zacatecas is closing on Gen. Bracamonte, who with a large force of Villistas, has been located near Juquila, in southern Zacatecas.

WIRELESS INTERRUPTED. COLUMBUS (N. M.) April 6.—An attempt made today by Gen. Pershing for the Republic to communicate with the troops scouring the Guerrero district for Villa, failed because of an interruption in wireless communication between the advanced base at Colonia Dublan and points south. The attempted communication broke the two days of silence which veiled the operations of the advanced American detachments.

Only unofficial and conflicting reports found their way across the border today. These in the main indicated that no definite trace of the bandit chief had been found, but that the

Recruiting.

MARRIED MEN INSISTENT BACHELORS ENLIST FIRST.

IT IS A F. NIGHT WIRE. LONDON, April 6.—The whole question with reference to obtaining recruits for the army is under consideration by the Cabinet, and its decision will be announced before Easter, Premier Asquith announced in the House of Commons this afternoon.

The Premier's statement was made as a response to the agitation of married men that all single men should be called up before the married men enlisted and the equally insistent demands of some political leaders that service be made compulsory for all men of military age.

FAMOUS RELICS STOLEN. ROME, April 6 (via Paris).—Thieves today entered the Etruscan Museum of Corneto, an Italian town on the Mediterranean in the province of Rome, and stole the famous collection of ancient coins, cameos and jewels on exhibition there.

WE'LL CAPTURE VILLA.

GUITERREZ DECLARES.

Mexican General Reports to the de Facto War Department that in a "Very Short Time" the Bandit will be in His Hands—Efforts of Gen. Pershing to Use the Wireless Interrupted in a Mysterious Manner.

RATES MODERATE. GEO. C. OSER, Manager.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

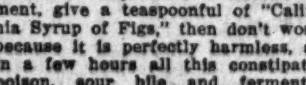

"California Syrup of Figs" can't harm tender stomach or bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

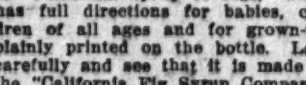

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit. 32 syrup. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

CANT FIND DANDRUFF

Every bit of dandruff disappears after one or two applications of Danderrub rubbed well into the scalp with the finger tips. Get a 25-cent bottle of Danderrub at any drug store and save your hair. After a few applications you can't find a particle of dandruff or any falling hair, and the scalp will never itch.

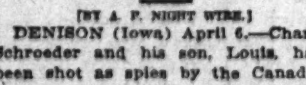

AMERICANS SHOT AS SPIES IN CANADA.

DENISON (Iowa) April 6.—Charles Schroeder and his son, Louie, have been shot as spies by the Canadian government, according to advices received by relatives here.

A notice received from the Canadian government stated that the elder Schroeder was ordered to be shot at Claget, Sask., March 24, the son to be shot at the same place three days later. As far as is known here, the shootings were carried out.

The Schroeders went to Canada some years ago and lived on farms there. Both were married. The exact nature of their offense against the Canadian government was not revealed in the notices sent here.

EASTERN MOSQUITOES TO KILL MOSQUITOES.

NEW YORK, April 6.—"A dollar kills a million" was the slogan adopted at a meeting of the Interstate Anti-Mosquito League held here today for the campaign to exterminate the pests in Greater New York, New Jersey and Connecticut.

The week of May 1-7 has been set aside as mosquito week in this city. School children are expected to play the most prominent part in the work of extermination.

DANCON, termis, mosquitoes biting and swarming are a few of the directions at Arrowhead Springs.

BE PREPARED TO FIGHT

Nature is always fighting to keep us well. Under normal conditions the forces of health within our bodies keep the germs in subjection. They are not expelled entirely but they are kept harmless.

Some indiscretion in diet and the disposition to overwork or worry perhaps disturbs the nervous system, the blood gets thin and the ever-present disease germs assert themselves. The blood fights the body's battles. Whenever a wound is received, when there is congestion or inflammation, to that point the blood quickly carries the elements needed for repair—if it has them. But when the blood is thin and watery it lacks these elements.

Dr. Williams' Pink Pills are a tonic that supplies the blood with the elements needed to build up the tissues, to repair waste, to revitalize nerves, to stimulate digestive action, to burn up the poison in the blood. In this way, by building up the blood, they are useful in rheumatism, neuralgia, sciatica, lumbago, neurasthenia, nervousness, fits, Vitis, and in anemia in many forms.

The free book, "Building Up the Blood," tells all about the treatment. Send for copy today to the Dr. Williams' Medicine Co., Schenectady, N. Y. Your druggist sells Dr. Williams' Pink Pills.

LABORERS QUIT

THE CAR SHOPS.

New York Central Employees Ask Union Recognition.

Craftsmen on New Haven are Offered an Advance.

Boilermakers in Cramp's Yards Demand More Wages.

NEW YORK, April 6.—The strike at the Grand Central terminal and Mott Haven yards of car cleaners, baggagemen, track inspectors and other laborers employed by the New York Central Railroad, extended to North White Plains tonight, where 160 men quit work. Twenty-four lotteries were arrested in the Mott Haven yards.

Officials of the railroad said tonight that all train schedules were being maintained. First-class mail, they added, has been handled without delay, but shipment of parcel post matter has been interrupted.

The strikers claim that more than 200 men are out, but the railroad officials declare the number is much smaller.

The strikers are members of the American Federation of Railway Workers and the reinstatement of their union and the reinstatement of union members recently discharged by the railroad.

It was announced at the offices of the New York, New Haven and Hartford Railroad that the company had offered an increase of wages of 1 1/4 cents an hour to its 4500 shop craftsmen. The advance, officials say, would mean an increase of \$200,000 in the yearly pay roll.

The men have had a demand for an increase of 4 cents an hour before the officials of the road for several weeks and have taken today's proposal under consideration. It was announced.

SHIP WORKERS QUIT.

PHILADELPHIA, April 6.—Demand for an increase in wages, a number of special machinists and their helpers went on a strike today at the Cramp Ship and Engine Company's plant. Charles F. Scott, deputy organizer of the International Brotherhood of Boiler Makers, Iron Ship Builders and Helpers of America, says the strikers number 400. Officials at the plant say less than half of this number stopped work.

Severe losses to the company voluntarily gave their employees a 10 per cent. increase, but the strikers say they are receiving smaller wages than were paid by ship builders seven years ago.

TO ENJOIN MILKERS.

CHICAGO, April 6.—A petition filed today for an injunction to prevent the Milk Producers' Association from interfering with or obstructing the business of Horden's Condensed Milk Company was set for hearing Saturday in the United States District Court.

arriving at this camp had stated that the Americans had killed between thirty and forty of the Villa men.

Col. Brown sent the report received today to Consul Fletcher at Chihuahua and forwarded it to Gen. Bell at El Paso.

It is the first time the Mexican wires have been used for the transmission of military reports. The report was sent on to Gen. Funston from El Paso.

Col. Brown said that after the fight April 1 he had chased the Villa forces through San Antonio towards the south. The presence of a detachment of the Tenth Cavalry at Chihuahua on April 4 served to support the assumption today of officers at headquarters that this was the same engagement reported by Maj. Evans to Gen. Pershing. Maj. Evans sent no details of the engagement, but Gen. Pershing added that natives

Col. Brown referred to the skirmish his force had April 1 with 150 of Villa's men in which three Mexicans were killed. There were no American casualties. It was assumed at headquarters that this was the same engagement reported by Maj. Evans to Gen. Pershing. Maj. Evans sent no details of the engagement, but Gen. Pershing added that natives

MUTT AND JEFF—Mutt Didn't Want the Czar to Get His Dates Mixed. By BUD FISHER.

RAILROAD ESSENTIAL FOR VILLA PURSUIT. BRYCE DEPRECATES A TARIFF WAR. GERMANS ATTACKING ST. ELOI TRENCHES.

EL PASO (Tex.) April 6.—For the last three days not a single Mexican or American has arrived here from the interior and the county news given out by the Mexican officials at Juarez as received by telegraph, threw no light on the operations of the troops pursuing Villa.

Army officers here show no hesitancy in expressing their opinion that to attempt to pursue Villa farther, without the aid of the railroad, is almost a hopeless task, unless, of course, some lucky accident intervenes.

MANCHESTER, April 6.—Viscount Bryce, addressing the free trade members of the Chamber of Commerce at a complimentary luncheon today, deprecated the starting of a war of tariffs before Great Britain was out of a war of arms.

Passion, he said, was a bad counselor in framing economic or political schemes and before the war ended countries now neutral might come into it and their views on any such fiscal changes would have to be considered.

Sir John A. Simon, the former Home Secretary, also emphasized the necessity of realizing that Great Britain could not ignore the neutrals or completely control the trade of Europe after the war.

LONDON, April 6.—The British official statement on the campaign in the western zone issued tonight reads: "Early this morning, after a very heavy bombardment, the enemy strongly attacked our new trenches at St. Eloi. The fighting proceeded all day and still continues."

"At Hooge a small hostile raiding party, which entered our trenches, was promptly ejected, suffering several casualties, the artillery on both sides having been active today about Levin, Lens, and south of Boesinghe."

BUENOS AIRES, April 6.—Dr. Victorino de la Plaza, President of Argentina, today received William G. McAdoo, American Secretary of the Treasury, in audience. The meeting was a cordial one.

LONDON, April 6.—During a discussion in the House of Commons today on the motion presented by the Chancellor of the Exchequer, Ramsay MacDonald, that no member of the House should receive a Parliamentary salary, and also, payment as a member of the army or navy, but must elect which he would receive, a commotion was caused among the Unionist members, owing to Sir Frederick Banbury's motion.

This question of abolition has a large number of supporters among the Unionist members, but the Banbury amendment was denounced by some of the Unionists as a breach of the party rule.

Andrew Bonar Law, the Colonial Secretary, rebuked Sir Frederick Banbury for warring on the question, said that if Sir Frederick's object was to get rid of the present government he should do it openly and upon an issue big enough so that the Unionists should not be ashamed.

Sir Edward Carson, the Ulster Unionist leader, also characterized the amendment as "man and inopportune," and finally the amendment was rejected, 247 to 32.

PARIS, April 6.—"Cardinal Mercier is not dreaming of leaving Belgium, whatever the attitude of Gov. Gen. Von Bissing may be," is the text of a semi-official denial issued tonight to statements that the Belgian and French governments have informed Cardinal Mercier to take up his residence at Havre in case the conflict with Gov. Von Bissing became too acute.

NEW YORK, April 6.—In several raids here tonight on alleged gambling resorts the police arrested thirty-seven persons and took the names of 730 others. Among the latter, according to the police, was a Massachusetts State official and an Alderman of a New Jersey city. A number of "bookies" of the police department added in the round-up, gathered in \$2000 in cash from alleged gambling tables.

NEW LITERARY SWINDLE. Alexander Jessup Accused of Trying to Dupe Aspiring Authors. NEW YORK, April 6.—Alexander Jessup, who described himself as an editor and author, was arrested today by postal inspectors and held for trial in the Federal District Court here on a charge of using the mails to defraud. Jessup's accusers allege he duped writers in a new literary swindle.

Jessup, it is charged, inserted advertisements in magazines soliciting contributions from budding authors for his short-story magazine, The Blue Moon. When manuscripts were submitted to him, Jessup, it is charged, suggested that he be paid varying sums for his services as editor. The government claims The Blue Moon magazine is a myth. Jessup is the son of a Protestant clergyman. He claims to have written a number of novels and edited English and French classics.

MISSISSIPPI RIVER AT FLOOD TIDE. LACROSSE (Wia.) April 6.—With the Mississippi River higher than during the record flood of 1903 and still rising, conditions here are becoming serious. While no loss of life has been reported, property damage becomes greater each day with the increase of water.

A score or more families were driven from their La Crosse homes today, while owners of summer residences across from Desch, Minn., are removing their furniture.

TO FIGHT LYNCH LAW. BIRMINGHAM (Ala.) April 6.—Eighteen southern colleges were represented at the organization here today of the Association of Southern Church Colleges, which will take up actively the work of fighting lynch law in the South. Dr. C. M. Bailey of Georgetown, Tex., was elected president.

EL PASO (Tex.) April 6.—An American woman and man, Mrs. Angie Williams and A. J. Abrams, were arrested tonight by the police after the discovery in the attic of the house they occupied of Pablo Sianez, a former Villa general. All were held for investigation.

Sianez is said to have a long record of murders to his account, among them, those of several Americans. His last crime was the killing of another Mexican named Pablo Luna, in Juarez last December, after a quarrel over a woman. After this he fled to Torreon, where he lived until a demand was made on Gen. Carranza by the citizens of Torreon for his arrest and execution. At the time it was stated that a list of eighteen murders, committed in cold blood, were charged to him. He disappeared and was not heard from until his arrest tonight.

After Sianez's arrest two automobiles filled with police were sent out to search for other Villistas who were believed to be in hiding in "Little Chihuahua" as the Mexican district of El Paso is known.

OBJECT TO CANDY RATES. WASHINGTON, April 6.—Five hundred candy companies, including all the principal manufacturers in the United States, today petitioned the Interstate Commerce Commission for a general readjustment of rates to all points west of the Mississippi River. Approximately 750 railroads and steamship companies are made defendants to the proceedings.

EL PASO (Tex.) April 6.—The estimate of \$30,000,000 cargoes condemned by prize courts is shown to be greatly exaggerated by returns just completed by the treasury for the consideration of Parliament.

Figures in the returns, which include only courts in the United Kingdom, up to the end of March, show that condemned cargoes brought a total of \$485,677, while proceeds from cargoes of freight uncondemned and still awaiting adjudication and release represent a total of \$2,112,267. Much of this, according to the returns, represents perishable cargoes, which had to be sold and, therefore, a large proportion of this sum may yet reach the original owners.

It is expected that the figures in the returns may show a considerable increase when reports are received from colonial prize courts, especially those from Alexandria, where many German ships have been condemned. There is not the remotest possibility, however, that the grand total will reach the estimate of \$30,000,000.

VILLA MURDERER TAKEN IN EL PASO. EL PASO (Tex.) April 6.—An American woman and man, Mrs. Angie Williams and A. J. Abrams, were arrested tonight by the police after the discovery in the attic of the house they occupied of Pablo Sianez, a former Villa general. All were held for investigation.

YUAN DISCUSSES CHINA'S FUTURE.

Believes Yunnan Rebellion is Practically Over.

Declares Government's Unity will be Preserved.

His Policy of Neutrality in War is Permanent.

(A. P. FOREIGN CORRESPONDENCE.)
[Note: Since the following interview with Yuan Shih-kai was obtained by the Associated Press, official announcement of China's revision to a republican form of government has been made. Nevertheless, Yuan Shih-kai's views on China's future and the policies he outlines as Emperor-elect are timely and interesting.]

PEKING, Feb. 19.—Emperor-elect Yuan Shih-kai granted the Associated Press correspondent an audience today in which he frankly discussed the rebellion in South China and the international affairs. Through the medium of Admiral Tsai Ting-kan, his confidential secretary, the interview was arranged and a list of typewritten questions was submitted in advance to the Emperor-elect. After these were translated into Chinese, His Excellency dictated replies in Chinese which were in turn translated into English. By this means the Emperor-elect and the correspondent were thoroughly familiar with the subjects to be discussed before the interview took place, and today's talk at the palace was the means of considering in detail questions of most interest at the present moment and supplementing the written questions and replies.

Several points of vital interest to the United States and Americans interested in China were brought out at the interview. The Emperor-elect made no predictions as to when conditions will be favorable for the enthronement.

He has definite plans for the immediate framing of a new constitution, which will not be fashioned after that of Japan or any other single country.

FAVORS NEUTRALITY.
He is fully determined to keep China neutral in the present world war.

After a thorough examination of domestic affairs, the Emperor-elect has decided that the two reforms most needed in China are a modern educational system and the scientific development of productive industries under government supervision.

He fully realizes the necessity for more railways and purposes to do everything in his power to encourage both foreign and native capital in the development of railways and various industrial enterprises.

The chief points of international interest developed in the interview were briefly to America by the Associated Press correspondent, but review is given to set forth in greater detail the points already covered, as well as the questions which could not be adequately discussed in a cable message.

The Emperor-elect received Admiral Tsai Ting-kan and the correspondent in the private office at the palace. The Emperor-elect wore a black velvet house robe, which fell just below his knees. It had loose sleeves somewhat after the fashion of a kimono, and was drawn tightly across his body in such a manner that it gave him the appearance of being somewhat corpulent. He was dressed in uniform and adorned with several foreign decorations and much gold braid.

Tea was served and Yuan Shih-kai immediately plunged into an animated discussion of the rebellion in South China and the bearing it has on the monarchical plan in China. There was no bitterness in his discussion of Tsai Ao and the other rebel leaders who are attempting to thwart his plans. He laughed pleasantly as he minimized their efforts, and his face lacked the hard lines one might expect in a man as relentless in his methods as many of his enemies paint him.

THE YUNNAN REBELLION.
He talked with great freedom concerning the Yunnan rebellion and his enemies who are promoting it in China and elsewhere.

"Does Your Excellency anticipate any further opposition to the change in the form of government?"

The Emperor-elect's prompt reply was: "The Yunnan rebellion is engineered by a few rebel leaders. The popular feeling is in favor of a monarchy, as was evidenced by the returns in Yunnan and the people in Yunnan and Kwelchow have no faith in the rebels. The other provinces are against their movement and the government to send punitive expeditions."

"Does Your Excellency believe in the permanent enunciation of the investment of foreign money in the development of China's national resources?"

Yuan Shih-kai's reply was: "The development of China's national resources is an all important question. To develop them with native capital would be slow work. The inflow of foreign capital would surely accelerate such development, and China naturally encourages the investment of foreign monies to promote industrial enterprises."

THE OPIUM TRAFFIC.
Responding to the question: "Does Your Excellency believe that charges of foreign promotion of opium traffic in China are well grounded?" the Emperor-elect said: "Smuggling on an extensive scale has been reported, but such efforts are evidently confined to individuals."

At the conclusion of the interview, Emperor-elect Yuan Shih-kai reverted again to the Yunnan movement. "Remember in considering the rebellion," he said, "it is the rebels who make a short dash into Szechuen province. The government troops have a long hard trip before they can reach the Yunnan rebels. The Yunnanese troops meet the rebels they will make short work of them. The Yunnanese troops are equipped with modern arms. The movement against them is only a skirmish. It is not a real campaign."

RUSSIANS OCCUPY GALICIAN VILLAGE.
(BY ATLANTIC CABLE AND A. P.)
PETROGRAD, April 6.—Today's official communication follows: "In the regions of Riga, Jacobstadt and Dyvinsk there was cannonading and rifle firing at many points. 'South of Dyvinsk numerous aeroplanes have been used. East of Baranovichi, Zeppelins were observed Tuesday night."

"Caucasus front: In the littoral the Turks supported by the cruiser Resoul attacked our right flank. We repulsed the attack, inflicting heavy losses on the enemy. Our troops simultaneously attacked the enemy's center and captured a portion of his position. In the basin of the upper Thoruk we dislodged the enemy from a series of his strongly fortified mountain positions."

WE'RE NOT AN ALLY, SAYS SIR EDWARD GREY.
(BY ATLANTIC CABLE AND A. P.)
LONDON, April 6.—The British government's contribution for the relief of Belgium and Northern France is about \$500,000 monthly, Sir Edward Grey, the Foreign Secretary, declared today. He said that the money was not paid directly, but was given by the Belgian government from funds loaned to it.

"The United States, of course, has not so far as I know, lent any money to the Belgian government, and is not one of the allies."

EIGHT-HOUR DAY TO HELP MERCHANTS.
(BY A. P. DAY WIRE.)
CLEVELAND (O.), April 6.—In a statement issued today by the four railroad brotherhoods which are demanding an eight-hour day from Sunday through Saturday, it is contended that the shippers and merchants in the country will be benefited by the shorter day.

The statement says: "All merchants and most manufacturers try to buy in as small quantities as possible and move quickly to the market. It is impossible to do this if the demand for the men for an eight-hour day, because the eight-hour day demand is based on freight trains making 12 1/2 miles an hour in order to escape paying crew and overtime."

The statement says: "All merchants and most manufacturers try to buy in as small quantities as possible and move quickly to the market. It is impossible to do this if the demand for the men for an eight-hour day, because the eight-hour day demand is based on freight trains making 12 1/2 miles an hour in order to escape paying crew and overtime."

EXPECTS BIG BATTLE BETWEEN AIR CRAFT.
(BY A. P. DAY WIRE.)
TORONTO (Ont.), April 6.—The decisive action will be fought in the air, in the opinion of Maj.-Gen. Sir Frederick Benson, head of the permanent department of the British army for North America.

In a letter made public today by the Canadian aviation fund, Sir Frederick writes: "I have been watching closely the small items of news that one gets from the firing line and I am more and more convinced of the vast importance of training aviators. When the German navy does show itself it will be accompanied by clouds of aeroplanes and Zeppelins."

HAUCOURT STORMED BY THE GERMANS.
(BY ATLANTIC CABLE AND A. P.)
BERLIN, April 6 (via London). German troops have stormed the village of Haucourt on the Avocourt-Bethincourt front northwest of Verdun, the War Office announced today.

The text of the official statement follows: "West front: There was great activity west of the Meuse during the day, chiefly on account of the preparatory fire which we directed against the district of Haucourt. During the afternoon the activity of our infantry became more pronounced. It stormed the village of Haucourt and the strongly fortified French point of support east of the village. In addition, considerable losses in killed and wounded, the enemy lost eleven officers and 581 unarmored prisoners. On the right bank of the Meuse the French renewed the attempt against positions we captured in Callotte forest and northwest of there on April 2. This attack was checked quickly."

"Eastern and Balkan fronts: There is nothing to report."

LORIMER PROSECUTION CLOSES.
(BY A. P. DAY WIRE.)
CHICAGO, April 6.—The State today closed its case in the trial of William Lorimer, charged with conspiracy in connection with the failure of the La Salle Trust and Savings Bank of which he was president. Counsel for the defense then began arguments for the dismissal of certain counts.

SANTA FE EMPLOYEES TO DISCUSS WAGES.

(BY A. P. DAY WIRE.)
ALBUQUERQUE (N. M.), April 6.—Three new schedules of compensation will be considered in negotiations with employees, according to notice given the men today by Fred C. Fox, general manager of the western lines of the Atchison, Topeka and Santa Fe Railroad. The notice is a reply to the men's eight-hour demands. These schedules would prevent double compensation for time and service, fix the same basis of classification for compensation for all members of a train and engine crew and provide for the payment of proportionate rates for differently paid classes of service on the same day or trip. The negotiations include the Panhandle and Santa Fe Railway and the Rio Grande, El Paso and Santa Fe Railway, leased lines.

INDIANAPOLIS (Ind.) April 6.—The State Republican convention which today nominated two candidates for the United States Senate, a complete State ticket, a platform and elected four delegates large to the national convention held at Chicago in June, was opened by a number of addresses on the State ticket, which was regarded as harmonious.

The twenty-six delegates to the national convention, elected by the ten Congressional districts, and the four delegates-at-large, were instructed to present the platform and the State ticket, which was regarded as harmonious.

The platform, which was adopted by a vote of 100 to 1, was a declaration of the party's foreign and domestic policies, pledged the party to the re-enactment of a protective tariff.

THE PLATFORM.
The platform denounces the administration as "inefficient and extravagant," and declares "brought up business down home and discredited abroad."

The platform favors a "strong and efficient administration," and states that it is "increasing confusion and humiliation."

Other planks include a declaration of the "Democratic" attitude in the tariff plank demands the enactment of a protective tariff.

ADICALS LEAD IN ARGENTINA.

COUNTING OF PRESIDENTIAL VOTE IS VERY SLOW.

Three Weeks to Elapse Before the Final Result is Known—Democrats Run Second and the Conservatives Third in the Returns to Date.

(BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.)
BUENOS AIRES, April 6.—Buenos Aires' public attention is absorbed by the counting of the votes in the Presidential election. The operation began yesterday and will last about three weeks. It is a lengthy affair, but guarantees the fullest control, rendering it impossible for any attempt at fraud.

The results until now show a triumph for the Radicals in Buenos Aires city, and the provinces of Buenos Aires, Mendoza, San Juan, Tucuman, Rio Rio, for the Democrats, in the provinces of Catamarca, Jujui, Salta and Corrientes; for the Conservatives in the province of San Luis while in the other provinces the counting has not yet begun.

LANDSLIDES BARRED.
It is noteworthy that the State Radicals in Argentina don't represent the same principles as other countries. They are mostly Clericals. Their most determined adversaries are the Socialists. According to the election law no party can obtain an exclusive triumph in any district. For instance, Buenos Aires city elected eleven Deputies, but no elector can vote for more than eight, so three must belong to the party representing the minority. Eight Radicals are now in the lead, followed by three Socialists, the average difference being 1000 votes.

Crowds surround the newspaper of fact, where every hour the latest returns are exhibited.

HOUSTON CHAMBERLAIN TO BECOME GERMAN.

(BY ATLANTIC CABLE AND A. P.)
BAYREUTH (Bavaria) April 6 (via London, April 6).—Houston Stewart Chamberlain, the author, has applied for naturalization as a Bavarian subject. Mr. Chamberlain has lived in Germany since his youth, although he is still a British subject.

Mr. Chamberlain, the son of a British rear-admiral, is the husband of Eva, reputed to be the eldest daughter of Richard Wagner, until her mother, the composer's widow, declared two years ago that Mrs. Chamberlain was the child of her first husband, Hans von Bülow.

Chamberlain has written several articles supporting Germany and holding England responsible for the war, and was decorated with the Iron Cross.

CANADIAN MINISTRY TO BE CHANGED.

(BY A. P. DAY WIRE.)
OTTAWA (Ont.) April 6.—Several changes in the Canadian Ministry will be announced, it is expected here, soon after the present session of Parliament ends. The business of the session is nearly completed, but the House will be kept going until Minister of Finance, Sir James D. Stewart, makes a statement in reply to the charges against him and the Canadian Shell Committee.

It is agreed by both Conservative and Liberal members that the Minister of Militia will not submit himself to a vote of censure, but will go down fighting if he is forced from the government. The majority opinion is that his situation is as difficult as that which he will be able to come through the struggle with his portfolio.

ITALIANS DRIVEN FROM SELZ POSITIONS.

(BY ATLANTIC CABLE AND A. P.)
BERLIN (via Saville) April 6.—Austrian troops have expelled the Italians from the position east of Selz recently taken from the Austrians, according to the Austro-German army statement issued today in Vienna. The statement says: "The trenches recently taken by the Italians east of Selz have been completely cleared of the enemy. Italian counter-attacks failed."

"Italian artillery is active in the Ledro and Giudicaria sectors. Feeble attacks by the Italians on our positions northeast of Ledro and in the Daone Valley were repulsed."

NORWEGIANS BUY RICH COAL MINES.

(BY ATLANTIC CABLE AND A. P.)
LONDON, April 6.—An Exchange Telegraph dispatch from Copenhagen says a syndicate of Norwegian bankers and ship owners has purchased for 7,500,000 kroner from Norwegian and American interests large coal districts at Advent Bay and Green Bay in Spitzbergen.

LORD DERBY RETIRES FROM AERIAL BOARD.

(BY ATLANTIC CABLE AND A. P.)
LONDON, April 6.—The Evening Standard says that the Earl of Derby has resigned the chairmanship of the joint naval and military board in control of the aerial service on the ground that his position as director of recruiting occupies his whole time. The Standard says this position has been offered to Earl Curzon.

SECOND AND N. 12th St., Philadelphia.

DEPT. PUB. NOT

OWNER PLEASE

Wanted.

For practice work, at \$50.00 per month, at \$10.00 per month.

It is further alleged that the con-

work they did was to pick up in cash around the incinerator and bury them there, so that no one would know of the colossal trifling labor, and that the colorists would never get the money, approximately \$600,000. This sum it is proposed to recover from the city treasurer on his bond.

These conditions were procured to be made and were made, is charged, in pursuance of a fraudulent conspiracy. The colorists were to be registered, it is alleged, through the Board of Trustees and other persons connected, it is said, with Brown Braun and the other contractors.

ANOTHER SUIT PENDING.

A suit is now pending that was brought by Attorney Linn for T. A. Bell, a taxpayer, against the Venice Board of Trustees. City Treasurer Brown says that the suit is based on paying any further money out of the garbage incinerator fund for the work of moving tin cans, and that the city treasurer, who has a treasury of \$2250 alleged to have been already paid out to the colorists.

An election for trustees is scheduled for Venice for November 10, and the defendants declare politics is at the bottom of the conspiracy suit, as it involves the beach city's Mayor and Board of Trustees. Attorney Linn invoked this when he took the case to the court with the election coming up, the proposition to file the amended complaint seemed to him to have a political significance.

Opposing the amended complaint stated an attempt was being made to bring in a number of parties and exploit immaterial issues in the suit to cancel certain registrations, and continuance was asked in order to prepare a defense to the sensational charges.

Judge Price said he will rule Monday whether it is proper to file the amended complaint. The trial of the suit against the colorists is set for Nov. 8. This matter will not interfere with holding the election for trustees.

HISTORY OF FIGHT.

The fight for control of the district known as Ocean Park Heights, within

south of Venice, the latter known as the Playa del Rey district, came to the surface February 7, 1906. The citizens of the latter district realized again what they called a wholesale attempt by the Venice city government to colonize the Playa del Rey district in order to annex it to Venice. The ultimate prizes are said to be control of the \$200,000 High School building which was recently erected in Venice, and the annexation territory which would be under the control of the Trustees, who are Mayor Gerey, C. W. Pinkerton, C. L. Smart, F. K. McCarver and J. Lewis.

The law learned in the office of the County Registrar of Voters that the registration deputy had turned in a return of the names of all voters in the district from one lot, which would give them about a square yard each to stand on. It was later learned upon investigation that the lots were supposed to be vacant. The District Attorney's detectives discovered the camps of workmen employed by the contractor for the incinerator. The Trustees of the city of Venice in the building of the incinerator, had been established and that these men have been registered the day after election at the camp, the last day that registration could be made for an election already called for the next day. The election question was asked. Forty-two workmen registered could have swung the election.

The election was held under the auspices of the action by Judge Finlayson, who held the election petition invalid.

Residents of the Ocean Park Heights district declared that about sixty voters in the district failed to vote because they were taken to fifty-five were opposed to annexation. They were told that the plan made by the Trustees to colonize the section to carry the election. A contractor who was doing work for the city was told that he was to label camp outside the city limits. Workmen of this camp were also registered.

FRIENDS QUARREL.

With the wife

Two Mexican friends in store near Fourteenth street and Santa Fe avenue, last night, that resulted in what may probably be the fatal stabbing of Seriviliano Barrios, 25 years of age, of the Ninth street. Following the fracas Barrios walked the quarter of a mile between the store and his home with a deep laceration on his forehead, holding himself together with his hands.

Detectives Leon and Rice are searching for three Mexicans, whose names are said to be Julian and Armando Rubio and Trinidad Ansey. It is thought they were the three implicated in the shooting. They were removed to the Receiving Hospital where it was said last night he

This is a vertical, high-contrast black and white image. It appears to be a close-up of a textured surface, possibly a book cover or endpaper. A dark, irregular vertical band runs down the center, showing signs of wear, cracking, and peeling. The left side is lighter and more uniform, while the right side is mostly black with some visible texture. The overall image has a grainy, aged appearance.

FRANK J. HART SOUTHERN CALIFORNIA MUSIC COMPANY 332-334 SOUTH BROADWAY, LOS ANGELES. Branches: Pasadena, Riverside, San Diego.

SORELY PEEVED BY EXPOSURE, EARL ATTEMPTS INTIMIDATION.

Threatens Photographer with Damage Suit if He Does Not Repudiate Affidavit Showing Trickery of "Tribune." Editor Hoskins is Trapped in Stagg's Office.

ANNOYED by the exposure of its methods to foot advertisers through the Tribune, the publisher of the Tribune, L. A. Hoskins, is sorely peevish and is endeavoring to bully the publisher of the Tribune, L. A. Hoskins, into repudiating the affidavit showing the trickery of the Tribune.

R. M. Stagg, a well-known commercial photographer, according to his own statement, has been threatened by E. T. Earl, publisher of the Tribune, to make a damage suit if he does not repudiate the affidavit showing the trickery of the Tribune.

These threats, Mr. Stagg said, were made over the telephone yesterday morning, following the photographer's refusal to sign an untrue statement which was declared by Earl and which he says was in direct contradiction of the affidavit published in the Times to which he had previously sworn.

The evening before Mr. Stagg had a long interview with Earl in his office in the Union Oil Building. Earl gave him the affidavit, signed by Mr. Stagg, and said he would think the matter over and if he signed it at all would do so by 3:30 yesterday morning. When the hour had passed Mr. Stagg said Earl called him by telephone and said:

"Why have you not come down? Have you signed that statement?" Mr. Stagg told him he had not done so, and would not because the statement was not true. He said it was then that Earl made the threats.

NEW ATTACK. Following Mr. Stagg's declaration that he would not attach his name to the document, Earl adopted a different method of attack. He made an appointment with the photographer for 11:30 o'clock yesterday morning. Mr. Stagg did not keep the appointment. Earl called him on the telephone by L. A. Hoskins, managing editor of the Tribune. After many telephone calls, it was agreed that Mr. Stagg and Hoskins should meet in the photographer's office at 6 o'clock last night. They met and the incident will be a memorable one.

While Hoskins was pleading with Mr. Stagg to make affidavit to any old thing just so it would tend to disprove his original sworn statement, a newspaper photographer interrupted the conversation by starting to take a flashlight picture of the scene.

For a moment Hoskins and his private secretary, Walter H. Meyerott, who accompanied him to Mr. Stagg's office, were bewildered, but when he realized what was about to happen, Hoskins sprang toward the photographer and started to partially spoil the photograph. The camera man fled, pursued by both Hoskins and Meyerott.

Meyerott was in the lead, closely followed by the editor, and they dashed like athletes in the wake of the picture man. They had reached a moment too long, however, and the photographer had reached the street and slammed the door behind him. "All right, come back," Hoskins shouted from the top of the stairs to his secretary at the bottom. Turning to bystanders Hoskins said: "I could have got my hands on that photographer I would have broke his head."

THAT AFFIDAVIT. The first affidavit made by Mr. Stagg and which is sticking in Earl's craw, follows:

"R. M. Stagg, being duly sworn, says: 'On March 29, 1916, I personally made the affidavit showing the circulation of the Los Angeles Tribune, dated of issue ranging from February 1, 1916, to March 27, 1916. Apparently every copy of the Tribune had a contest coupon cut from it.'"

"R. M. STAGG." "Sworn to and subscribed before me on this 31st day of March 1916, T. L. CHAPIN, Notary Public in and for the County of Los Angeles, State of California." Following is Mr. Stagg's statement of his entire experience with Earl and his assistants in relation to the attempt to force him to perjure himself.

MR. STAGG'S STATEMENT. "Since the affidavits appeared in the Times and Examiner I have been

HOW FAKE CIRCULATION OF "WAIL" WAS EXPOSED.

LAST Sunday morning the Times printed a complete exposure of the desperate attempt to make it appear that other morning newspapers are using the same methods to bolster up a fictitious circulation as those resorted to by the Tribune. The scheme fell through when a photograph, purporting to be a picture of a huge pile of copies of the Times, and another photograph, purporting to be of a similar pile of Examiner's, were anonymously mailed to the publishers of the respective papers.

An examination of the two photographs showed that the huge heap of uncolored, unread and unused papers was in reality a pile of Tribune's. A few copies of the Times were spread over the pile of 6000 papers and a photograph taken. Then these Times were removed and Examiner's placed in the same relative position and another photograph was taken. The two photographs, when subjected to a close examination, were shown to be of the same pile, and the pile contained neither Times nor Examiner's, but Tribune's.

The wailing Tribune must shortly make a Federal report on its net circulation, and on this sworn report advertisers will base their patronage. The government requires this biennial report as a protection to the public. It thus became necessary to make some kind of showing, even if the papers are not read. One method resorted to by the Tribune was to conduct a "popularly contest" in which the popularity of the candidate was determined by the number of coupons

approached by a number of press agents and others who told him that I would never be able to do any more business with the Tribune. I could not believe the management of the Tribune would adopt such a policy against me because I was only acting in a business capacity when I took the pictures of those piles of Tribune's. I have always done work for all the newspapers, and considered it was only doing my duty to a customer when I agreed to take these pictures.

"After hearing the reports that the Tribune would not use any more of my pictures I went to see Mr. Hoskins. I wanted to explain to him that I held no animosity for the Tribune, that I was merely acting in a business capacity. I knew Hoskins well and wanted to talk it over with him. When I arrived Hoskins was not present, but I talked to his secretary, Meyerott, who told me to come back. Later in the day I went to his studio and after a short conference

with him, he told me to come back. I returned on the grounds that I had a lot of changes made.

EARL CONTINUED TO dictate the affidavit, bringing out the statement that I did not count all of the papers. I told him then I would not sign the affidavit, but he told his stenographer to prepare it and, while this was being done, Mr. Earl kept me busy listening to a conversation evidently intended to divert my mind from the real issue. He pointed to the word, 'jockey,' which showed plainly over one of the photographs, and laughingly said: 'See that word? It's jockey; means a joke; an April Fool joke that someone was playing on Mr. Chandler and Mr. Ihmsen.' I told him the word spelled 'jockey' and he said that makes it that much more of a joke. Then he kept laughing and winking and repeating 'jockey.'

WILL NOT SIGN. "In a few minutes the statement was returned and I was asked to sign it. I refused upon the grounds that I was not a party to the statement and that I had a lot of changes made.

EARL CONTINUED TO dictate the affidavit, bringing out the statement that I did not count all of the papers. I told him then I would not sign the affidavit, but he told his stenographer to prepare it and, while this was being done, Mr. Earl kept me busy listening to a conversation evidently intended to divert my mind from the real issue. MUSICAL AFFIDAVIT TELLS TACTICS OF EARL.

SCHEME OF PERFECTION. KNEISEL QUARTETTE SHOWS FINE UNION OF IDEAS.

By Edwin Schallert. Every tiny grace note seemed endowed with its own special significance last night at Trinity Auditorium. And each was made to form a part of that classically perfect scheme evolved in music as quiet and harmonious as a twilight reverie, by that little artistic brotherhood, the Kneisel Quartette.

This is after the fashion of this strangely well-moulded organization which has now seen a third of its three-score and ten years (if such things be regulated on the human plane) of existence. There has been a change or two with the changing years in the membership, but this has affected but little the quality of the rarely fine ensemble of exquisite craftsmanship.

The violin tones of Franz Kneisel still scintillate with guiding star, certainty their message of high ideals. And in the more sombre notes of his viola, Louis Svencenski tells a similar story. Hans Lett, the second violinist, and William Wavaka, cellist, have each filled with their artistic niches left vacant in that little temple of achievement the Kneisel Quartette has built for itself.

Now this is the type of organization

which is fitted by all prerogatives, both old and new, to play Beethoven, as Beethoven should be played. And Beethoven should be played, as played, with a purity that left no word indistinct in the clarity of the message.

With effortless agility they tossed the flying phrases of the Scherzo from the Quartette in G Major from one instrument to another—that scherzo which is as care-free as a glad day in the open. The Adagio cantabile of the same work was stately, with the delicate fineness of its tracery. The opening movement was as dainty in its finely carved grace as ivory.

Nothing was more beautiful, more juling than that sweet, even song, the cavatina from the Quartette in B Flat Major, Opus 130, wherein the soul of the master seems exquisitely to give forth its completeness for this day, April 6, 1916, is in all respects true and correct.

During the conversation which took place at Mr. Earl's office on Wednesday, April 6, 1916, Mr. Earl stated to me in effect as follows: "We were tipped off that you were going to write an article about the Tribune's circulation. I had previously made set forth the facts correctly and that any new statement would be in effect a repetition of my affidavit published in the Examiner and Times."

MUSICAL AFFIDAVIT TELLS TACTICS OF EARL.

SCHEME OF PERFECTION. KNEISEL QUARTETTE SHOWS FINE UNION OF IDEAS.

By Edwin Schallert. Every tiny grace note seemed endowed with its own special significance last night at Trinity Auditorium. And each was made to form a part of that classically perfect scheme evolved in music as quiet and harmonious as a twilight reverie, by that little artistic brotherhood, the Kneisel Quartette.

This is after the fashion of this strangely well-moulded organization which has now seen a third of its three-score and ten years (if such things be regulated on the human plane) of existence. There has been a change or two with the changing years in the membership, but this has affected but little the quality of the rarely fine ensemble of exquisite craftsmanship.

The violin tones of Franz Kneisel still scintillate with guiding star, certainty their message of high ideals. And in the more sombre notes of his viola, Louis Svencenski tells a similar story. Hans Lett, the second violinist, and William Wavaka, cellist, have each filled with their artistic niches left vacant in that little temple of achievement the Kneisel Quartette has built for itself.

Now this is the type of organization

which is fitted by all prerogatives, both old and new, to play Beethoven, as Beethoven should be played. And Beethoven should be played, as played, with a purity that left no word indistinct in the clarity of the message.

With effortless agility they tossed the flying phrases of the Scherzo from the Quartette in G Major from one instrument to another—that scherzo which is as care-free as a glad day in the open. The Adagio cantabile of the same work was stately, with the delicate fineness of its tracery. The opening movement was as dainty in its finely carved grace as ivory.

Nothing was more beautiful, more juling than that sweet, even song, the cavatina from the Quartette in B Flat Major, Opus 130, wherein the soul of the master seems exquisitely to give forth its completeness for this day, April 6, 1916, is in all respects true and correct.

During the conversation which took place at Mr. Earl's office on Wednesday, April 6, 1916, Mr. Earl stated to me in effect as follows: "We were tipped off that you were going to write an article about the Tribune's circulation. I had previously made set forth the facts correctly and that any new statement would be in effect a repetition of my affidavit published in the Examiner and Times."

Sewage System.
(Continued from First Page.)

Imhoff, based on a population of 60,000. The amount of royalty which South Pasadena will pay will be \$468, and Alhambra, \$535.

An up-to-date and striking feature of the recommended plan is a system of sprinkling filters which throw the fluid over an immense bed of rocks, coated with a bacterial jelly which oxidizes organic matter. This process is one wholly of oxidation in which bacteria and larger organisms all perform definite functions. By this method the organic matter in sewage quickly becomes harmless and inoffensive.

The sewage is sprayed over the beds in a thin sheet under a varying head, usually between two and ten feet. This varying head gives the sewage a chance to be distributed more evenly over the rock and therefore a more uniform purification results.

The sewer farm purchased by the three cities several months ago, at a cost of \$250 an acre, is separated from Alhambra by a long range of hills. The site of the proposed purification works is on the southern slope of the roughest part of the farm about one-half mile south of its northern line and on the eastern side of the pass which extends in a northerly direction through the hills.

The proposed outfall sewer will divert the sewage of Pasadena, South Pasadena, and Alhambra at the northeast corner of the present Pasadena sewer farm; thence southward to the new farm, a distance of a little more than three miles.

Passadena has a two-thirds undivided interest in the farm. South Pasadena one-sixth and Alhambra one-sixth. The cost of maintenance and the distribution of revenues will be proportioned according to the interest of each city in the properties. The board made this estimate of the yearly cost of operation: chemicals and bacteriologists, \$1800; three attendants (eight hour shifts) \$2700; one additional day man \$900; total \$5400.

At the present time there is only one way to war. There is only one which could call upon a nation to go to war and that is national economic questions," he said. "When you speak, when you reduce war to its ultimate cause, you will find that it depends on real origin upon questions relating to trade; to national interests; to be primarily to questions relating to trade."

He then took up matters of competition, trade rivalries and antagonism that this country should be free from foreign entanglements. He said the only way they could avoid foreign entanglements was to burn every ship that flies the flag, cease to have any commerce with any other nations, include shut themselves up and have nothing to do with the world. Of course nobody wanted to do that.

Nobody doubt the wisdom of the doctrine," he asked. "Does anybody doubt the justice of the open door policy? China, put into effect by Secretary?"

The country becomes overgrown, if we have not our share of the foreign trade of the world our goods are going to suffer. They are going to have to live at a lower standard but some of them will if you do not want our standing lowered you have got to see that it does not happen.

China is awakening. When the commerce of China becomes thoroughly developed none can possibly have our share of that trade so valuable.

Why did we build the Panama canal? For one thing, to promote commerce. We spent millions on it. We think that merely through our possession of it we would be permitted to live in peace should it ever develop possession of it enables us to menace the trade of the world."

MUST BE PREPARED.

Are we maintaining the Monroe doctrine? Naturally for our own protection, but incidentally for the benefit of the world. We know your country is going to give up and give up the Monroe doctrine, or fight? Do you suppose we are going to give up the Monroe doctrine, or fight? I am a good enough patriot to believe that your nation rather fight.

What is it going to fight with? Tanks and fighting machines when they are ready. But unfortunately it takes time to get ready by throwing a switch. It takes time to get ready to hold our own, but we are at the bloodiest nose on the map of the earth unless we are ready to fight."

To go into war with a first-class army everybody will have to then we'll be talking about universal service. Everybody will recognize it as a necessity. Nobody will say nay.

To get into war with a first-class army it is going to be a whale, and it will be a whale, and everybody will have to take part. Now we are going to take part as privates in rough work you can do with your words and boss somebody if you are ambitious to be the business of the world, who asked me to speak are offering you the best thing to begin laying a foundation. When I come to the question of politics, birth and death are going to count. You are depending on your own account and your own fitness to get a commission and you do not think it is not going to last long to prepare yourselves to participate in these camps. I hope to see thousands of men in these camps in the course of time."

John S. Mitchell of the Board of Commerce presided and were present Gen. Wankowicz, Gen. John B. Miller, H. W. Fisher, President Board of the Southern California, President of Occidental College, Gen. George H. Burdette, J. E. Fishburn, Harry Chandler, M. J. Cravena, Randolph I. Cockburn, Capt. J. E. Fisher, to Gen. Bell, H. W. Fisher, of the local committee of the training camp, E. M. Fisher, of the State Executive Committee of the State, W. L. Davenny, of the local river and in San Diego.

COMPROMISE BY TUGWELL JURY.
Charge is Murder; Verdict is Guilty of Manslaughter.

Forces of Defendant Rejoice; Plan Another Appeal.

Decision is Reached Only After Twenty-eight Hours.

Percy Tugwell, charged with slaying Mrs. Maud B. Kennedy, was convicted of manslaughter yesterday afternoon at 4:30 o'clock. The jury was more than twenty-eight hours in arriving at a verdict.

When Foreman Farries announced the conclusion of the jurors the defendant turned in his swivel chair and, with a smile on his face, winked at one of his relatives. His father, who sat beside him, laughed joyfully and shook his hand heartily. Tugwell then jumped up and shook hands with attorneys Dominguez and Giesler, who assured him this was a decided victory and that they would have him free in a few weeks.

Attorney Dominguez immediately announced he would appeal. "The charge against the defendant was murder and could only result in a verdict of murder in the first or second degree, or in acquittal," he declared.

Deputy District Attorney Selph declared this was not true, and that the verdict would stand, although he admitted that if another trial is granted him. He declared that the verdict in the Tugwell case would automatically become void when taken before the Appellate Court. His reason for this statement was that all murder by poison is in the first degree and there could be no lesser degree.

Rise.
GASOLINE UP AGAIN.
Advance to Nineteen Cents a Gallon. Due to Short Supply and Increased Demand, Oil Companies' Answer to Demand for Government Investigation.

In spite of the attacks that have been made upon the oil companies for raising the price of gasoline, another advance went into effect yesterday, when the quotation was elevated to 19 cents a gallon. The old law of supply and demand is given as the reason for the higher price of the oil companies. Benzine and distillate were advanced a cent a gallon at the same time.

Just what effect this will have on the proposed investigation remains to be seen. It is estimated that the advance will mean an added expenditure to the motorists of Los Angeles of approximately \$1000 a day, besides the added cost to the users of distillate and naphtha. The advance was in line with market conditions, but a great many believed that the rapid element in the body politic had "bluffed" the companies from raising their prices. The companies, on the contrary, have called the bluff, and it is now up to the investigators.

BAND OF BOYS JAILED.
Youngsters Terrorize Southeast Neighborhood with Small Crimes.

Vernon Lord and Philip Menard, alleged leaders of a bold, bad gang of youths operating between Seventy-ninth and Eighty-eighth streets, in the vicinity of Main street and Moneta and Central avenues, are guests in the County Jail, against their own will or inclination. It is alleged they have been terrorizing the southeast neighborhood with small crimes.

ILLNESS EXPLAINS LEAP FROM WINDOW.
CAPITALIST HAD SOUGHT FAR IN VAIN FOR HEALTH.

Milwaukee Man Slashes Himself with Knife Before Fatal Plunge from Seventh Floor of Hotel—Expecting End, had Called Priest to His Quarters Wednesday.

Charles J. Marshall, 53 years old, Milwaukee capitalist, who jumped from the seventh story of the Clark Hotel, early Thursday morning, took his life to relieve himself from an incurable ailment. Full details of his troubles were submitted to the police yesterday, and the cause of the tragedy explained.

Accompanied by his valet, Mr. Marshall had searched the globe for some relief from the growing number of attacks he suffered. He favored southern climates, and had spent years in the Hawaiian Islands, the South Sea, Bermuda and the West Indies. Recently he came to Los Angeles hoping to find succor from his troubles here.

Wednesday morning he felt the prophetic unrest that preceded one of his torturing attacks. He said to his valet, William Mackey: "I think this is going to be the last."

Then he sent for Rev. Father Brady of St. Vibiana's Cathedral, and was closeted with the priest for several hours.

Wednesday night he was unable to sleep. His restlessness made the valet suspicious, and the latter kept a careful watch. In the early hours of the morning, Mr. Marshall arose, and was moving about the room when Mackey asked if he could be of assistance.

Mr. Marshall replied: "No."

Then Mr. Marshall took a small pocket knife and stabbed himself several times. It was one of his hallucinations that he would get relief by cutting himself. When the stabbing brought no relief he raised a widow and leaped out.

George Humphreys, No. 3422 Gramercy place, was seated in a taxicab in the street below. The sound of the raised window at that hour of the morning attracted his attention, and looking up he saw the body launch forth.

The body was taken to Brees Bros. morgue, and will be sent east for burial.

Mr. Marshall is survived by a widow, living in Columbia, Pa., a sister, Miss Elizabeth G. Marshall of Milwaukee, and a brother, Daniel H. Marshall of Simeon, Va. His father was founder of the banking firm of Marshall & Eisey of Milwaukee.

DENIED NEW TRIAL.
Chinese Merchant Goes to Jail for Dealing in Opium.

Judge Cushman yesterday overruled the motion for a new trial in the case of Le Ling Hing, convicted in San Diego on two counts of an indictment charging conspiracy and the possession of twenty cans of smoking opium, and sentenced him to eight months in the County Jail. Le Ling Hing is said to be one of the best-known merchants in the local Chinese quarter. He was tried three times, the jury disagreeing in the first trials.

His partner in the transaction, Charles England, a white man, was found guilty of two counts and sentenced by Judge Bledsoe to fifteen months in San Quentin, and to pay a fine of \$5000.

IDEALLY SITUATED. Arrowhead Springs is accessible by four transportation lines and auto roads.

Van Raalte Veils
are exclusive and decidedly original.
—They wash without wearing.
—Stretch without tearing.
—Out-last two or three ordinary veils.

The "San Pan," the "Mantilla," "Hexagon," "Hairline," "Trellis," "Vinet," "Ultra" and the "Lattis Mesh" are among the late novelties—colors and black. Van Raalte Veils cost no more than ordinary kinds. 35c a yard and upwards. First Floor.

J. W. Robinson Co.
— Seventh and Grand —

Girls' Dresses of Plaid Gingham
Russian styles or full plaited skirts, both of which are popular with the youngsters this spring. Stitched pique collars, cuffs and belt. They are among some of the very newest we have to show — \$1.25, \$1.50, \$2.00 and \$2.50.

A line of the above with extra bloomers marked from \$1.75 to \$2.50.

—THIRD FLOOR—

Girls' \$2.50 to \$3.50 Dresses 95c

Nothing inferior about these dresses. Nothing missing in color, in style features, quality of material or in making. Broken lines is the only excuse for hurrying them out at so ridiculous a figure.

Good Undermuslins A Friday Special 75c

They are of gingham—and a good quality of gingham—embroidery or white pique collar and cuffs. Made for girls 8, 10, 12 and 14 years. We warn you, if interested, to be on hand early. Third Floor.

A sale that will interest every woman in Los Angeles. As a matter of fact the lot comprise garments which formerly sold at \$1.00 and \$1.25 each—fresh, crisp, perfect goods. Gowns of fine, soft nainsook, lace and embroidery trimmed. Gowns of plisse crepe in dainty pink or blue stripes, regulation or slip-over styles. Envelope Chemise tastefully trimmed with ribbons and lace. Petticoats in the wide flare models embroidery or lace trimmed. Just such garments as the above formerly sold at \$1.00 and \$1.25. Now 75c. Third Floor.

PURCHASE YOUR TICKET NOW FOR

The Times Excursion to Imperial Valley

Leaving Los Angeles Friday, April 14,
Returning to Los Angeles Monday, April 17

The Price of Ticket—Which Includes Round Trip Transportation, Sleeping Berth, All Meals on the Tour and Entertainment in the Valley—is

\$15.00

Accommodations may be reserved now. Call or write for ticket. The right is reserved to refund any payment or deposit when reservations are filled.

The Itinerary
Via Southern Pacific R. R.

Leave Los Angeles, Friday, April 14th, 8:00 a.m.	Arrive Calexico, Saturday, April 16th, 8:00 a.m.
Breakfast Calexico Hotel.	Leave Calexico, Saturday, April 16th, 11:30 a.m.
Arrive Packard, Mex., Saturday, April 16th, 12:00 noon.	Barbecue, Long's Ranch.
Leave Packard, Mex., Saturday, April 16th, 1:30 p.m.	Arrive Calexico, Saturday, April 16th, 2:00 p.m.
Leave Calexico, Saturday, April 16th, 2:00 p.m.	Arrive El Centro, Saturday, April 16th, 2:30 p.m.
Visit surrounding territory, including towns of Imperial, Holtville and Meloland in autos.	Dinner at El Centro, Barbara Worth Hotel, 5:30 to 8:30 p.m.

Spend night at El Centro on train.

Leave El Centro, Sunday, April 17th, 8:00 a.m.	Arrive Imperial, Sunday, April 17th, 8:15 a.m.
Leave Imperial, Sunday, April 17th, 8:00 a.m.	Arrive Brawley, Sunday, April 17th, 8:15 a.m.
Breakfast Bungalow Inn.	Leave Brawley, Sunday, April 17th, 1:00 p.m.

Dinner.	Leave Niland, Sunday, April 17th, 8:00 p.m.
Arrive Los Angeles, Monday, April 17th, 8:00 a.m.	

Barbecue on Long's 10,000-Acre Ranch

Visit this magic land of prosperity, this wonderfully productive section of California, which is now aglow with opportunities and bubbling with industries, enriching its residents with health, wealth and happiness, far beyond their fondest dreams.

One of the interesting features of the trip will be a barbecue which will be served "en plein air" on George Long's mammoth ranch.

Another side trip of more than passing notice will be a visit to the ranch home of the author of "The Winning of Barbara Worth" at Meloland, near Holtville.

All the leading cities of the valley will be visited in turn and a happy tour may be anticipated by each member of the Times Excursion party.

The price of regular round trip ticket alone, if purchased from the railroad company, is \$16.50—The Times special transportation ticket, which includes berth and meals, is only \$15.00.

Imperial County residents have the name for giving visitors a cordial and royal welcome. On the former Times excursions the members of the party were surprised by the open-handed and hearty reception given them by the generous and prosperous residents of the Valley. Perry McGillivray Distances Duke in the Furlong Swim.

D. KAHANAMOKU IS DEFEATED.

McGillivray Trims Him in the Furlong Swim.

But He Beats Rathel in the Shorter Dash.

Dave Smith Sets New Record in the Plunge.

(BY DEWITT WHELAN—EXCLUSIVE DISPATCH.)
CHICAGO BUREAU OF THE TIMES, April 6.—An even break was what Duke Kahanamoku got from his efforts in two races in the Illinois Athletic Club pool tonight. He lost the 300-yard event to Perry McGillivray, but regained some of his prestige by trimming Art Rathel of the A.A.C. in the 100-yard splash.

WHO KNOWS.
He may have tied the world's record of 54.4 for the latter distance, but inasmuch as the timers neglected to hold a conference after the affair, the performance hardly will be recognized. Announcer Hardy gave out 54.4 as the time but it was unofficial. Dave Smith of the L.A.C. set the only world's record of the night in the much-abused plunge for distance event. His mark of 1.14 breaks the notch for the sixth time this season.

It was the general impression that "Dook" was weak on the turn, but it was because of his advantage here that he beat Rathel in the century. The boys had paddled on even terms until the final lap, when the visitor shot himself into the front on the last turn and won by six inches.

BY HIMSELF.
Perry McGillivray won all by himself in 3:22 3-5 after the 180-yard mark had been reached in the 220-yard swim. Up to this the men struggled arm for arm. In the last twenty yards, Clem Brown of the Hamilton Club caught the Hawaiian and finished in a dead heat with him for second place.

The best either Redmon of the U. of C. or Lichter of the C.A.A., former title holders, could do in the plunge for distance was to go the sixty feet in 1.14. Smith went 1.14 3-5 on the first attempt and the new mark of 1.14 on the second. The summary:
Plunge for distance—D. V. Smith, L.A.C., first; B. H. Prine, Hamilton Club and C. Redmon, U. of C., tied for second. Time, 0:18. (New world's record.)

220-yard swim—Perry McGillivray, L.A.C., first; Duke Kahanamoku, H. I., second; Clem Brown, H. C., third. Time, 3:22 3-5.

100-yard swim—Kahanamoku, H. I., first; Rathel, L.A.C., second; Johnson, N. W., third. Time, 0:54. (Unofficial.)

Under News.

FRESHMEN AWAIT BIG TRACK MEET.

THINGS LOOK RATHER DARK FOR BEAR SCRUBS.

Resumption of Freshman Meets will precede the first big baseball game between the rival institutions—Cardinals have stars enough to grab off meet easily.

(BY DEWITT WHELAN—EXCLUSIVE DISPATCH.)
BERKELEY, April 6.—With the odds against them the California freshmen are nervously awaiting their big meet of the season, the California-Stanford contest set for Saturday.

Even Walter Christie, usually optimistic when he balances the Bears against the Cardinals, seen only gloom for the first year men. In all of the events, except the hurdles and half, there is lack of class. This year's freshmen class seems unusually weak in track ability.

A comparison of the two teams can only be made in their respective meets with the San Francisco High School stars. This aggregation gave the Bears a bad defeat, but Stanford easily won over them.

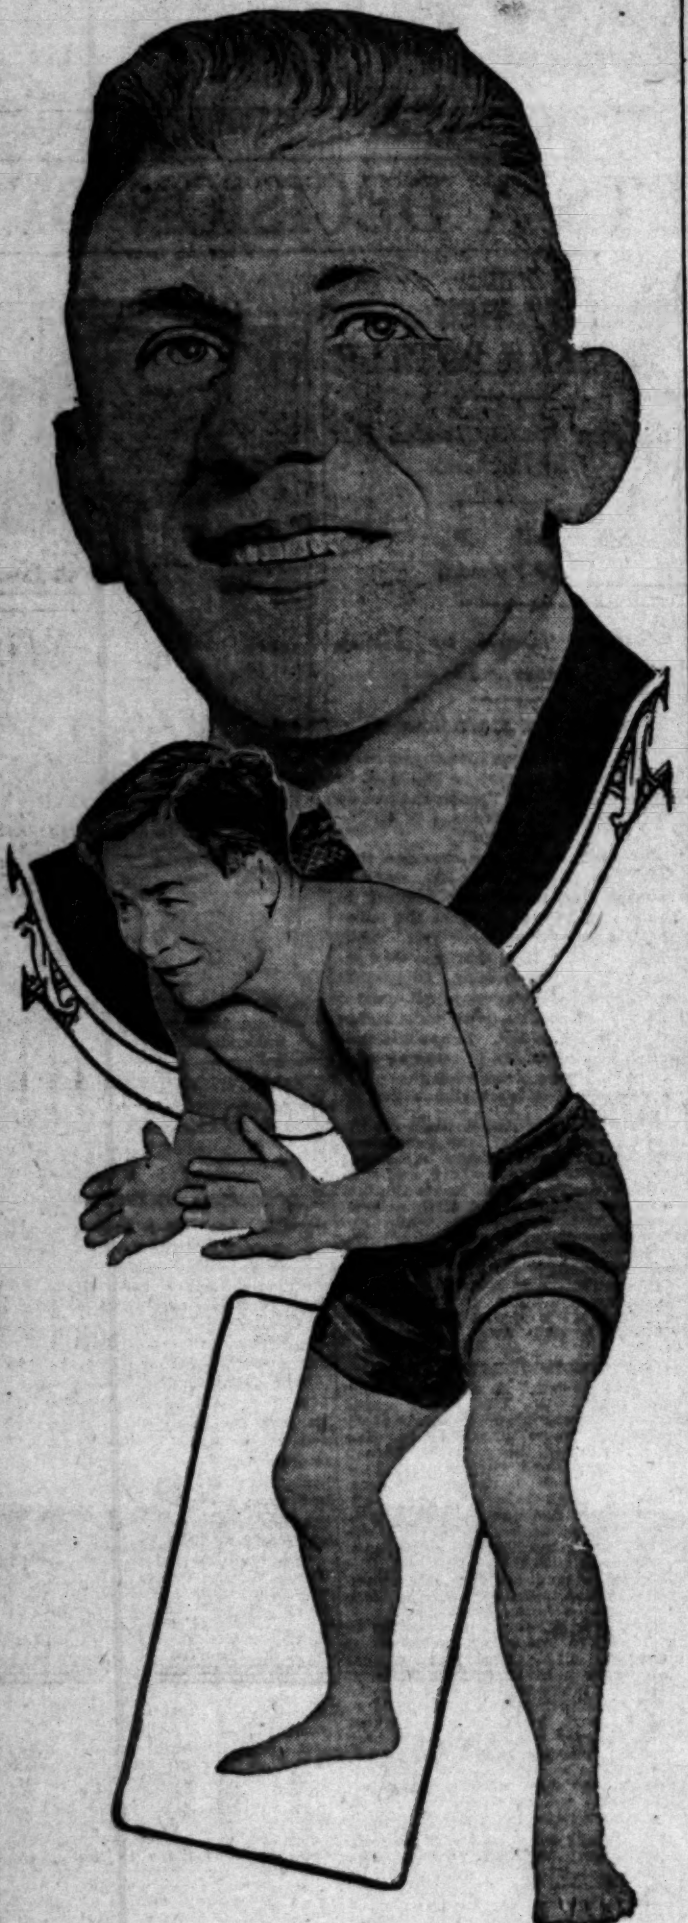

California will enter every available man in order to get chances at as many scoring places as possible. Stanford has submitted a big list, but has strength enough to rely on a few first placers and leave the balance of the squad on the benchers. Forty points has been set as the California freshmen's scoring limit.

The meet, which marks the resumption of freshman athletics, discontinued since 1911, entitles all place winners to their class numerals. Stanford will send a carload of rosters with the team to Berkeley, which after the meet will pull for the Cardinal varsity in the first baseball game of the series.

MAXWELLS FOR INDIANAPOLIS.

(DEWITT WHELAN—EXCLUSIVE DISPATCH.)
INDIANAPOLIS, April 6.—The second entries received by the Indianapolis Motor Speedway for its Memorial Day race consist of the Maxwell team at present being campaigned by the Prest-o-Lite Company of Indianapolis. These are two of the four cars raced last year by the Maxwell company, but which were turned over to the Indianapolis company at the end of the season when the manufacturers decided to stay out of racing for the future. This decision was reached as the result of fatalities in the 1915 season.

Eddie Rickenbacker and Pete Henderson are nominated as drivers. Henderson was a Duesenberg protégé and won his gasoline spurs in the Duesenberg saddle.

The wrestlers. Ad Santel (above) and Taro Miyaki, the Japanese jiu-jitsu expert, who will meet Saturday night at the Shrine Auditorium.

AD SANTEL HERE READY TO WRESTLE WITH MIYAKI.

AD SANTEL, the wrestling idol of San Francisco, came to this city yesterday to prepare himself for his match with Taro Miyaki, the Japanese jiu-jitsu expert, at the Shrine Auditorium Saturday night. The match is to be a peculiar one. A fall is to be called when either wrestler gives up. The Japanese have no way to pin a man to the floor and can only win by their method by hurting one.

This freak wrestling match was thrust upon Ad Santel. The Japanese practically insisted on the match. They tried to get the L.A.C. to promote it, and when George Towle refused, they hired the Shrine Auditorium and proceeded to manage the affair themselves. More than 1000 tickets have already been sold to Japanese in Southern California.

Santel has already thrown two Japanese jiu-jitsu experts. He turned the other two tricks at the exposition last fall. The story immediately went out that the American sport was a better one for defense than the Japanese. This the latter resented. They claimed at the time that the men Santel threw were too light and not scientific enough, and that a big, heavy jiu-jitsu expert would make short work of Ad Santel. After that they said nothing, but remembered.

Two months ago Taro Miyaki, the Japanese expert who had thrown most of the famous wrestlers, came to this country. He wrestled in the East for a time and then started West. The Pacific Coast Japanese immediately asked him to come West to meet Ad Santel.

Taro Miyaki is as heavy as Santel. He weighs 180 pounds and is solid and chunky. The wrestlers are to wear the Japanese wrestling dress. This is because in jiu-jitsu the wrestler must have something to catch hold of. Santel has no fear of Miyaki. He does not believe that any jiu-jitsu expert in the world can defeat him.

"They have no holds by which they can pin a man down," he explained. "They have to make one give up by hurting him. Miyaki will not be able to get a hold on me that

NORTHERN PREP ATHLETES ARRIVING HERE FOR MEET.

Number of Entries Exceeds that of Last Year and Several Records in the Field Events are Regarded as Sure to Go. Fritsch Gets Out Another Dope Sheet Which is Mostly Manual.

(BY HOWARD ANGUS.)
THE number of athletes who will enter the State interscholastic track and field meet Saturday at the Y.M.C.A. has swollen to seventy-six. This outnumbers the one of last season by ten.

The first of the northern athletes who will compete put in their appearance yesterday. Glass arrived from San Francisco in the morning and W. Weeks, the weight man from Santa Rosa, late in the evening. E. W. Oliver, the manager of the meet, said last night that he expected all of the athletes, with a few exceptions, to arrive today. The Reception Committee will hold out at the Rosslyn Hotel.

NO HEATS.
A few will wait until tomorrow morning before coming south. The meet consists entirely of the field events. There are no preliminaries to be held in the morning. So many of the southern athletes will come to town on Saturday.

Frank Sloman, holder of the interscholastic record in the quarter-mile, will run an exhibition race against Tuffy Conn. The latter runs the 440-yards in about 50 seconds. This will make the champion stretch his legs on the curve track at the Y.M.C.A. field.

Records are apt to be established in the field events for the State meet, but the coaches are likely to stand. Too fast time was made in these last year.

THE HUSKIES.
Weeks of Santa Rosa and Walters of Exeter will have a due in the shot put that should result in a new record. Last April Weeks heaved the 12-pounder out 46 feet 2 1/4 inches. He will come near shoving the ball out fifty feet tomorrow or Walters will wear the gold medal.

The marks in the high jump, pole vault and discus throw are also in imminent danger, while it is a safe bet that either Walters of Exeter or Halberlein of Manual will set a new mark in the javelin.

Coalinga is sending down a full team from the San Joaquin Valley and these athletes, unopposed, will show among the heavy point winners. They lay claim to 3 minutes flat in the half, 5 feet 10 inches in the high jump, 21 feet in the broad.

THOSE TOILERS.
The State meet is conceded to Manual Arts because of the large number of her athletes who figure to finish somewhere in the points. Fritsch lays claim to forty-four points, or more than twice as much as he concedes to any other school. The chances of Fritsch's doing wrong in his meet are more than in the Southern California city meets. Somebody almost unheard of from the San Joaquin or far north may slip through and upset all the dope.

It must be said, however, to the credit of Fritsch that he came within two points of the Manual score in both the city and Southern California, and that in each instance he gave his athletes twenty points more than the other coaches would concede them.

SMALL FEAR.
Fritsch seems to have little fear of the northern athletes. In the races he concedes them little chance. In the field events he duffs his hat to Weeks and Walters and turns up his nose at the others.

The meet itself should be a thriller and some of the men who won in the Southern California may see somebody else win. Cooper of Pasadena and Walker of Pomona may see the tables just turned around in the mile. Whitesides of Pomona may even see Loveland's well-known spikes.

Paddock of Pasadena will probably win both sprints. Calden of Oakland may press him close in the 100 or win, but the 220 looks like a cinch for the wonderful boy phenom from the Crown City.

Harry Lampert is conceded the hurdles.

FRITSCH'S DOPE.
Flushed with the success of his dope sheet in the city meet, Coach Fritsch of Manual got busy yesterday and figured out the dope on the State meet. Fritsch bases his dope on the performances of the different athletes in their dual meets and sectional meets held throughout the country. Following is his opinion of the coming State championship contest:

100-yard dash—Paddock (Pasadena) first, Calden (Oakland Tech.) second, Whitesides (Pomona) third, Hutchison (Oakland Tech.) fourth.
220-yard dash—Paddock (Pasadena) first, W. Lampert (Manual Arts) second, Miles (San Jose) third, Inham (Ventura) fourth.
440-yard dash—Pittsimmans (Manual Arts) first, Everett (Orange) second, McKellar (Manual Arts) third, Hutchison (Oakland Tech.) fourth.
880-yard run—Whitesides (Pomona) first, Cleveland (L. A. Poly) second, Miles (San Jose) third, Inham (Ventura) fourth.

FEDERATION PREP MARKS.
The 100-yard dash—10.1-10.2. B. Brown, Sacramento.
The 220-yard dash—22.2. L. Wark, Long Beach.
The 440-yard dash—20.1-20.2. G. Conn, Pasadena.
The 880-yard run—1m. 19.4-19.5. G. Blankenship, Yuba.
The 1200-yard high hurdles—15.1-15.2. E. Thompson, Long Beach.
The 220-yard low hurdles—23.4-23.5. M. House, Riverside Poly.
Discus throw—115ft. C. Merritt, Santa Rosa.
Pole vault—11ft. 6in. L. Hall, Santa Paula.
High jump—5ft. 9 1/4in. M. Webster, Santa Paula.
The 12-pound shot put—46ft. 2 1/4in. W. Weeks, Santa Rosa.
Broad jump—21ft. E. Flavin, Santa Ana.
Javelin throw—149ft. 6in. Bligh, Modesto.
Hammer throw—187ft. 8in. F. Walker, Exeter.
The 330-yard relay (four men running)—1m. 44.1-44.2. Manual Arts.

HAL CHASE TO JOIN "CINCI."
(DEWITT WHELAN—EXCLUSIVE DISPATCH.)
CINCINNATI, April 6.—Hal Chase, first baseman, was signed by the Cincinnati Reds today. President Herrmann made the announcement tonight. He declared that the coming of the former American League star and late of the Federals does not mean the going of Fred Mollwitz, present first baseman of the local team. Since the breaking of Mollwitz's collar bone both Manager Herzog and President Herrmann have been much worried and finally decided to open negotiations for the acquisition of Chase.

Mr. Wad Chose a Bad Spot for His Spring Training.

By GALE.

JOHNNY KANE IS SOLD OUTRIGHT TO SEALS; BAYLESS IS AN OUTLAW.

BY HARRY A. WILLIAMS.

The original plan of the Vernon club to send Kane, Bayless and Berger to Wichita has been abandoned. Kane and Bayless have been sold outright to the Seals, while Berger has been sold to the Tigers.

At the same time, there are rumors that Berger may be released and play at second for the Tigers.

While, business manager of the Vernon club, last night, Kane was sold outright to the Seals for \$10,000.

Kane will be used for the Vernon team for a year, after which he will be given a berth on the Seals.

Johnny Kane, who was sold outright to the Seals, yesterday, was a Tiger, who was sold outright to the Seals yesterday.

Johnny Kane, who was sold outright to the Seals, yesterday, was a Tiger, who was sold outright to the Seals yesterday.

Johnny Kane, who was sold outright to the Seals, yesterday, was a Tiger, who was sold outright to the Seals yesterday.

today in case they are needed. Most of the heaviest action to date has been in the hole about two-thirds of the time through inability to control the ball. The succeeding days are certain to see a slow but sure improvement in the hitting. It probably will be the better part of two weeks before the fans will be able to get anything like a definite line on the real strength and steadiness of the various staffs.

Kelly Powers declines to take a back seat for anybody. Kelly is the young and promising son of President Powers. He is just a slip of a kidlet, 4 or 5 years old, and yet he has absorbed vast quantities of baseball knowledge.

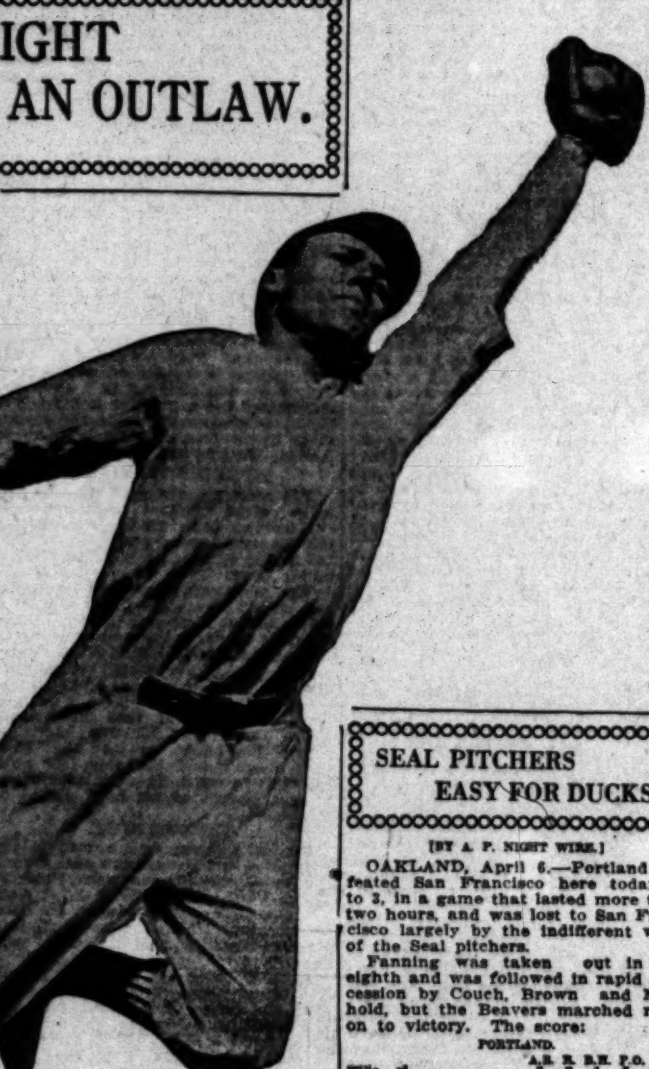

Not only is he already so soon an inveterate patron of the game, but he insists on his mama reading the accounts of the contests to him each morning. Kelly is under contract to the Los Angeles club as official mascot, the same calling for a salary of \$150 a month.

Chink Mattick came West with the reputation of being the best throwing outfielder in the American Association. He fulfilled expectations yesterday by his heave that cut Walter off at the pass.

Doc White, business manager, was a distinguished caller in the press box yesterday. The latch key is always hanging on the outside for Doc.

Jack Ray, of Elsinore, son of Hank, the station agent, was seen at the park yesterday. He is believed to have been witnessing the third game of the series.

Polly McLarry's tagging of base-runners was a feature of yesterday's game. Polly has a great pair of hands. Former Chicago players say that he was last season the best man in the National League at putting the ball on runners.

Johnny Kane, Formerly a Tiger, who was sold outright to the Seals yesterday.

Johnny Kane, who was sold outright to the Seals, yesterday, was a Tiger, who was sold outright to the Seals yesterday.

Johnny Kane, who was sold outright to the Seals, yesterday, was a Tiger, who was sold outright to the Seals yesterday.

SEAL PITCHERS EASY FOR DUCKS.

(BY A. P. HUGHES WIRE.)

OAKLAND, April 6.—Portland defeated San Francisco here today, 7 to 2, in a game that lasted more than two hours, and was lost to San Francisco largely by the indifferent work of the Seal pitchers.

Fanning was taken out in the eighth and was followed in rapid succession by Couch, Brown and MacBride, but the Beavers marched right on to victory.

Four runs, 6 hits and 10 errors in 9 innings. Seal pitchers: Fanning, 4; Couch, 2; Brown, 2; MacBride, 1. Beavers pitchers: Fanning, 4; Couch, 2; Brown, 2; MacBride, 1.

Four runs, 6 hits and 10 errors in 9 innings. Seal pitchers: Fanning, 4; Couch, 2; Brown, 2; MacBride, 1. Beavers pitchers: Fanning, 4; Couch, 2; Brown, 2; MacBride, 1.

CREW RACE IN NORTH TODAY.

Washington-Stanford Feud is Renewed.

May be Postponed if Water is Rough.

Northern Oarsmen Have Speedy Stroke.

(BY A. P. HUGHES WIRE.)

Weather conditions promise to be favorable for the race between the varsity boat crews of Stanford University and the University of Washington, which will begin at 4:30 tomorrow afternoon from Leech Park, on Lake Washington, and finish at Madison Park, three miles north of the starting point.

If the water is rough he has authority to postpone the contest until the wind abates or until Saturday.

Both crews are said to have covered the three-mile distance in their practice in less time than their coaches expected. Coach Conhiser of Washington professes to believe that his present crew is not up to the form of previous crews. The Washington men have a faster stroke than Stan-

BUDDY RYAN IS A PINCH HITTER.

(BY A. P. HUGHES WIRE.)

SALT LAKE CITY (Utah) April 6.—Frough pitched superb ball and Oakland won their first game of the season here today, defeating Salt Lake by a score of 5 to 1.

The locals outbatted the Oaks, but with men on bases could not hit safely. Buddy Ryan was in his first game, hitting for Kuhn in the ninth, and got a single. Score:

Business: Money, Stocks, Bonds—Trade in Local Produce Market—Citrus Market

SPECULATORS IN CONTROL

Half a Dozen Special Issues, Picked Out as Features, Supply About One-fourth of the Total Business Transacted—Prices as a Rule are Lower, Though Two or Three Shares Touch Their Maximum Figures.

(BY A. P. NIGHT WIRE)

NEW YORK, April 6.—The obviously speculative character of today's market was judged from the fact that a half dozen special issues, notably Mercantile Marine, Crucible Steel, Mexican Petroleum, International Nickel, U. S. Industrial Alcohol and American Zinc, more or less in the order named, supplied from one-quarter to one-third of the day's total business. Alcohol's extreme rise of 4% to the new record of 17 1/2% and Zinc's gain of 3% to the new maximum of 55 1/2% were attributed to a drive against the short interest in these issues. Other shipping shares like United Fruit and Pacific Mail took moderate gains with marines, while American and Baldwin Locomotives and New York Central represented the stocks of the railroads in less active fashion. Motors and other equipments, as well as United States Smelting, recently listed, were variably higher. General Motors was a striking exception to others of this class, falling 25 points on a single sale to 100. Ralston's financial situation was fairly active. Copper, Greene Cananea, excepted, were dull and uncertain while Amer-

ican Linseed preferred featured the market. Total sales of stocks amounted to 330,000 shares. In point of financial significance the outstanding features were another break in ex-Change in Paris, demand from western to 300%, with cables at 50%, the demand for copper with the main interest in the security of bonds. The demand for bonds was not reflected in other foreign remittances, most of which showed marked firmness. Bonds displayed more steadiness than stocks. Canadian 5's of 1931 being especially active and strong. Total sales of bonds amounted to 1,000,000 shares. States bonds were unchanged on call.

STOCK SALES COMPARED.
(BY DIRECT WIRE—EXCLUSIVE RIGHTS)
NEW YORK MARKET FOR THE WEEK, April 6.—Following is comparison of today's stock and bond sales:

COMPARISON OF STOCK SALES.
Total sales, April 6, 1916, 330,000 shares.
Same date, 1915, 310,000 shares.
From January 8 to date, 1,250,000 shares.
Same period, 1915, 1,150,000 shares.

COMPARISON OF BOND SALES.
Total sales, April 6, 1916, 1,000,000 shares.
Same date, 1915, 950,000 shares.
From January 8 to date, 4,000,000 shares.
Same period, 1915, 3,800,000 shares.

MAY REOPEN CITY'S HARBOR LANDS CASE.

SUPREME COURT'S RULING IS FAR-REACHING.

Action to Out Outer Harbor Dock and Wharf Company Referred to Decision Supporting Judgment Against Koye—Motion for Review Likely.

The recent decision of the Supreme Court in the suit of A. S. Koye against Capt. Randolph H. Miner, affecting title to land in the harbor, also contains a reference of importance to the questions involved in the suit of the City of Los Angeles against the Outer Harbor Dock and Wharf Company to oust the company from twenty-eight acres at the harbor held under a fifty-year lease, and may reopen the judgment.

This latter suit was tried by Judge Myers last September, and a minute order made, but no formal judgment given in favor of the city. This order was made because of the extent of the proof and the fact that the great transcript could not be made within the time prescribed by the amendment to the code.

The Supreme Court stated in the Koye decision that "it is not necessary to consider this question (the lease to the Outer Harbor Dock and Wharf Company,) for we are satisfied that the lease was within the confirmatory act. It was executed on February 14, 1906, more than a year before the passage of the confirmatory act. The claim that it is not within the terms of the act is based on the fact that subsequently, on July 21, 1907, the city of San Pedro, and the wharf company, as successor of Miner, entered into another indenture of lease. This instrument recites the agreement of February 14, 1906, the lease of February 14, 1906, and the fact that after the execution of said instrument, the United States government laid out the harbor line in the bay of San Pedro in courses differing slightly from the harbor line as described in said agreement. Thereupon the instrument declares that the lease of 1906 is rescinded and that the description of the harbor line is rewritten to make the line of the seawall correspond with the line as afterwards established by the United States. The contention is that this was substantially a new lease which, having been made after the confirmatory act, was not within its terms and, consequently, utterly void.

"While it did in fact contain other provisions and terms and included in the former lease, it did not change it, nor purport to change it, with respect to the boundaries of the land leased. The original lease referred to the agreement and made it a part thereof. The agreement provided that if the United States required the seawall to be built on other lines than those therein described, the lease would thereupon have the right to have said lease rewritten and re-executed so as to correctly describe the line in accordance with the change in the seawall line. It was, in effect, a lease of the land between the seawall and the harbor line as thereafter fixed by the United States. The subsequent lease was, therefore, a mere correction of the previous lease, and was entirely within the rights which were secured by the lease under the terms of the previous lease. The new stipulations may possibly be void so far as they purport to be adverse to the public use. But if so, they do not destroy the old lease, and that instrument remains in force and covers the land up to the harbor line as finally located."

The outer suit involved ground valued at \$1,500,000. The wharf company was represented by Andrews, Toland & Andrews. On the receipt of the Supreme Court decision in the Koye case Judge Myers ordered briefs in the case of the city against the wharf company brought to him, to see if the Supreme Court held the city in the issues he decided. It is probable a motion will be made to review his judgment.

JAPANESE GUILTY.

ASSAULT TO MURDER.

Don Tani, the Japanese restaurant proprietor who shot and seriously wounded Patrolman Korgard several months ago, and who was in turn wounded, was found guilty of the charge of assault with intent to commit murder, by a jury in Judge Craig's court yesterday. According to the testimony in the case, a number of Japanese, partially intoxicated, were raising a disturbance at Don Tani's place of business. The officer entered to quell the quarrel. When he proceeded to search the Japanese, the restaurant pulled his gun, shot, striking the officer in the abdomen. After two months in the hospital, the patrolman fully recovered and was the principal witness against his assailant. Deputy-District Attorney Valle asked the jury to return a verdict of plain assault, which was opposed by Deputy District Attorney Horan, who pleaded for a conviction of the greater crime. Sentence on the Japanese will be imposed Monday.

HABEAS CORPUS.

BITTEN SERIES RELEASE.

In an effort to secure the release of George Bitten from the County Jail, where he is held on a second charge of grand larceny as well as on a charge of attempting to bribe a witness, Attorney Harry Ellis Dean and Frank Allender yesterday filed a petition for a writ of habeas corpus in Judge Craig's court. They declared their client had been scientifically vindicated by his acquittal on one charge to warrant his release on the others. The petition will be heard today by Judge McCormick.

IN AND OUT.

JUDGE AND AUTHOR.

Included among the assets of the estate of Judge David P. Hatch, who died in 1912, according to an inventory filed yesterday, are copyrights in his books on "Scientific Occultism" and "The Blood of the Gods." The estate is inventoried at \$628.39.

INJUNCTION SUIT.

Having acquired from W. B. Farwell the Physicians' and Surgeons' Telephone Exchange in the Black Building, and taken possession of the property, the exchange now comes into court complaining that the defendant on the night of December 23, 1915, with the assistance of others, forcibly booted the door of the office, and by force expelled the officers, directors and employees. The court is asked for an injunction to prevent the defendant operating the exchange and receiving service from the two telephone companies.

HE DENIES ALL.

The divorce suit

of Mrs. Helen Edith Carns against Lee Ward Carns, will be concluded today before Judge Craig. She charges him with intoxication and failure to provide for her. He testified he did give her his salary, that while he drank occasionally, he did not drink enough to get drunk. Further, in denial of the charge that he was profane and untidy, he said he was a gentleman. His wife charged him with having kicked her, but he said he had never kicked a lady in his life.

INCORPORATIONS. The Nevada Bellville Mining Company, incorporators C. H. Henry, Julian Bennett, Daniel Webster, J. F. Cullen and W. J. Jones, capital stock \$100,000, subscribed \$5; The Wheeler Auto Trailer and Body Company, incorporators Clifford W. Collins, Charles P. Holmgren, J. R. C. Anderson and Llewellyn M. Hickok, capital stock \$100,000, subscribed \$5.

At the City Hall.

BUNKER HILL VOTE CLOSES SATURDAY.

EIGHT THOUSAND OWNERS OF PROPERTY RESPOND.

City Treasurer Believes Bonds for Big Improvement Will Find Ready Demand if Interest Rate is Fixed as Low as Five Per Cent.—Blanket Ballot for Election.

The polls of the Bunker Hill open vote of property owners for the assessment district will close tomorrow night, and on Monday the Council proposes to count the post card vote that has been deposited in the three big ballot boxes in the City Clerk's office.

In this "straw vote" the Council authorized the City Clerk to send letters with return post cards to each of the owners of property in the proposed assessment district. Nearly 15,000 letters have been mailed, and it is estimated that close to 8000 have returned the post cards recording themselves as for or against the proposed improvement. In every case the property owner was told the approximate amount of the assessment for his property, based on the City Engineer's estimate of a total cost of about \$4,000,000 for the district. It is believed, however, that this estimate is possibly 25 per cent. high, inasmuch as the official estimate of the cost of removing the soil in the cut was 35 cents a cubic yard, and the contractor who gets the contract at 20 cents a yard will make a fortune.

City Treasurer Powell, who has urged the Council to reduce the interest rates on Vrooman act bonds from 7 per cent to 5 per cent, expressed the opinion yesterday that the bonds for the Bunker Hill cut can be disposed of readily at 5 per cent, inasmuch as they will be on high-class property and will run for twenty-five years.

SOME BIG BALLOT FOR CHARTER ELECTION.

With the possibility of carrying seven or eight of the seats on the Council, and arguments for and against five or six of the lot, the charter election ballot for the June election promises to assume the proportions of a newspaper, or possibly a three-sheet poster. Incidentally, if the Council should authorize the City Clerk to mail copies of the proposed charter with the sample ballots there will be an immediate demand for approximately ten thousand copies of print paper, and the expense of printing and mailing is estimated at \$10,000.

Among the propositions on which the voters will express their will are the following:

The proposed charter, with four alternative propositions—Occidental, Owensmouth and Westgate districts.

One or all of the following bond proposals: Hyperion and San Pedro sewer outlets and disposal, civic center, Normal Hill and Temple Block payments, five-year fire department needs and the possibility of an initiative municipal telephone bond issue and a police and fire alarm system.

Two initiative ordinances for supplying water to the Santa Monica and Serrano districts and to farmers northwest of the city.

City Clerk Wilde said last night that unless the Council issues specific orders that copies of the proposed charter be mailed out with sample ballots there will be no action on his part. Proponents of the charter, however, are considering the question of asking that this action be taken by the Council.

Franchise Questions.

Members of the City Council proposed today to take up the question of providing for indeterminate franchises for street railway lines, as recommended last year by the Public Utilities Board. The main question is that of the Temple-street line, which is being operated by franchise and without a franchise by the Los Angeles Railway Corporation. In the meantime, without a franchise, the city is unable to compel the company to place between the tracks or to make any improvements on the line, which is regarded as everything that a street railway should not be.

For Hill-street Station.

The Public Utilities Board yesterday requested the City Council to amend the building ordinance with reference to the erection of frame buildings in the congested district so as to permit the Pacific Electric Railway to erect a frame train shed at the Hill-street station site to conform with the recent order of the board for better terminal facilities. The shed proposed will be erected more than twenty feet from any other structure and it is approved by Chief Inspector Backus of the building department.

Request is Renewed.

The Civil Service Commission requested the City Council yesterday to reconsider its action in refusing to appropriate a salary of \$100 a month for a special investigator for the commission. The request was referred to the Finance Committee.

Privacy for Solons.

Private offices for each member of the City Council were voted as an urgent and immediate necessity yesterday by the Council. The Board of Public Works to place partitions in the Council room in the Horsfield Building as soon as possible. Under emergency provisions in the charter the board is instructed to proceed with letting the contract without calling for bids, but the Purchasing Agent is asked to call for bids on the work. An effort to interpret the order of the Council will be made by the Board of Public Works today.

THINKS IMMEDIATE OPERA IMPOSSIBLE.

THOUGH ULTIMATE SUCCESS IN THE CITY IS SURE.

Correspondent Cites Previous Experiences Elsewhere in Discussing the Constantino Plan for Musical Productions Here—Suggests How Matter Should be Handled.

PASADENA, April 6.—[To the Editor of the Times:] Ament the plan of Constantino and his supporters to have a permanent opera company in Los Angeles. It may not be without interest to give a few facts and figures:

There is only one permanent opera in the United States—the Metropolitan Opera of New York. The Chicago company has been more or less permanent for a few years, but there was no opera there last year. The Boston Opera has died and left a large unpaid deficit (I do not refer to the Robinson company, which was recently at the Mason, and which has nothing to do with the original Boston Opera). No other cities in the whole United States are rich enough to have large enough to have first-class opera companies. Therefore, they have put up with nothing but the best in operatic art.

Why not look the facts in the face? If Los Angeles has opera at this time it is likely to be so bad that it will be the city's disgrace rather than its pride. And why not, before going ahead with a scheme of this kind, get the opinion and testimony of people who have had experience in such matters? Why this unseemly haste that is bound to lead to disaster?

Let it not be supposed that I am opposed to building up a wall around the city. I am not. I am a resident of Southern California many years. I have the interest and welfare of this community deeply at heart, and did I but believe that the immediate organization of such an opera company as would be a thing to which connection is desirable, I would be the first to support it. But I do not believe it.

Opera of which we may be proud can be given only by the employment of great artists, great conductors, people of wide experience, and the expense will be enormous. The Chicago La Scala, the famous opera of Milan, Italy, has, or had until recently, a subsidy of \$60,000 a year, a sum that is found entirely insufficient for the needs of the company. A little more than half of the actual deficit for this season of the Chicago opera was \$88,000. The orchestra was of opera, or nearly \$10,000 a week.

And the Metropolitan, the greatest opera in the world and the richest, exists only by reason of great private subsidies, in spite of the very high prices charged for seats and the great size of its auditorium. The expense of this opera amounts to about \$1,000,000 a year. The income from the sale of seats is about \$1,800,000 a year, and the rest is made up by a performance, \$400 a week, \$1,200,000 a year, this being a liberal estimate based on successful seasons when not only the tickets are already sold, but the opera is already a public appeal.

The recent meeting of Constantino and the promoters of this plan at the Los Angeles Hotel, where they have brought forth the opinion that the first thing to do is to have a season of opera, and it was stated this season will be after Easter.

It is presumed a season of good opera is intended, and that is utterly impossible unless the entire personnel and material—chorus, orchestra, artists and conductors, stage managers and mechanics, scenery, costumes and properties—be gotten from New York and Chicago companies. Otherwise there would be insufficient time for preparation and rehearsals—matters that are frequently either entirely forgotten or of which the importance is woefully underestimated.

If these persons and things are brought in from even they can be obtained, which is doubtful—the expense will be enormous, the figures given above will furnish some idea of it.

And if they are not brought out, the whole plan will prove abortive. We have had opera seasons in Los Angeles, and what result? What did they prove? Nothing except that had opera is not wanted here any more than it is in any other part of this United States.

Not the first thing to do is to have a season—say ten weeks in January, February and March. The next thing is to engage an auditorium, a manager, conductors, stage managers, artists—all of which must be engaged long in advance. Then the matter of chorus, orchestra, mechanics, etc., could be taken up with the advice and aid of the conductors and stage managers.

That is the right way to do it. The wrong way is to go off half-cocked with half-formed plans, to waste a lot of money with no permanent result or benefit.

Immediate opera in Los Angeles is impossible. Ultimate opera in Los Angeles is a certainty. When it will come no man can say. But let us at least go at it with serious consideration, with our eyes wide open, with carefully-laid plans, so that when opera does come it will be worthy of our city, and have in its organization the elements of permanency.

FRANK P. PATTERSON.

Identity.

TOO MUCH TATTOO.

Alleged White Slave Who Denied that He Ever Knew His Accuser Changes His Mind when She Tells of Design Inked in on His Flesh.

Selam Clayton, charged with violation of the Mann White Slave Act, who earnestly protested he never has seen prosecuting witness, Bernice Smith, changed his mind yesterday. It came about from the young woman's statement that she had seen a conspicuous tattoo mark on his right arm. "Get him to show his arm," said Smith.

Clayton was told what the girl had said, and immediately owned that he did know Miss Smith, after all.

Clayton was appointed by Judge Cushman to defend Clayton. It is expected Clayton will claim Miss Smith came to Los Angeles voluntarily, as the companion of her lover.

DETENTION NOONDAY SERVICE.

Large Crowd Hears Rev. A. W. Noel Preach at Pro-Cathedral.

The largest crowd which has attended the Lenten noonday services at St. Paul's Pro-Cathedral, heard Rev. A. W. Noel preach yesterday on the subject of "The Man Who Lived on a Mountain." His intense earnestness, clear thought, splendid illustrations and forceful delivery held the deepest interest of the congregation. A question that the sailors asked Jonah on the ship, "What is this occupation?"

"That was a very pertinent question," said Mr. Porter, "and a very natural one in the investigation of Jonah's character, as the proverb goes, the devil finds work for idle hands to do. Work is the twin sister of prayer, and every bit of good that is done in this world has been through work. 'Fear God and work hard' was the motto of Livingston. 'My Father worketh hitherto, and I work, who am, My father worked, therefore I don't have to.' The real business of a man is not just making a living, but living a life, and building a character."

Today at 12:05 o'clock Mr. Porter will speak on "The Man Who Discovered the Secret of Success." Tomorrow his subject will be "The Man Who Lived on a Mountain." The services close punctually at 1:30 o'clock, and business men and women are especially welcome.

Dr. Leslie E. Learned of Pasadena will be next week's speaker.

Opinion.

more than it is in any other part of this United States.

Not the first thing to do is to have a season—say ten weeks in January, February and March. The next thing is to engage an auditorium, a manager, conductors, stage managers, artists—all of which must be engaged long in advance. Then the matter of chorus, orchestra, mechanics, etc., could be taken up with the advice and aid of the conductors and stage managers.

That is the right way to do it. The wrong way is to go off half-cocked with half-formed plans, to waste a lot of money with no permanent result or benefit.

Immediate opera in Los Angeles is impossible. Ultimate opera in Los Angeles is a certainty. When it will come no man can say. But let us at least go at it with serious consideration, with our eyes wide open, with carefully-laid plans, so that when opera does come it will be worthy of our city, and have in its organization the elements of permanency.

FRANK P. PATTERSON.

Identity.

TOO MUCH TATTOO.

Alleged White Slave Who Denied that He Ever Knew His Accuser Changes His Mind when She Tells of Design Inked in on His Flesh.

Selam Clayton, charged with violation of the Mann White Slave Act, who earnestly protested he never has seen prosecuting witness, Bernice Smith, changed his mind yesterday. It came about from the young woman's statement that she had seen a conspicuous tattoo mark on his right arm. "Get him to show his arm," said Smith.

Clayton was told what the girl had said, and immediately owned that he did know Miss Smith, after all.

Clayton was appointed by Judge Cushman to defend Clayton. It is expected Clayton will claim Miss Smith came to Los Angeles voluntarily, as the companion of her lover.

DETENTION NOONDAY SERVICE.

Large Crowd Hears Rev. A. W. Noel Preach at Pro-Cathedral.

The largest crowd which has attended the Lenten noonday services at St. Paul's Pro-Cathedral, heard Rev. A. W. Noel preach yesterday on the subject of "The Man Who Lived on a Mountain." His intense earnestness, clear thought, splendid illustrations and forceful delivery held the deepest interest of the congregation. A question that the sailors asked Jonah on the ship, "What is this occupation?"

"That was a very pertinent question," said Mr. Porter, "and a very natural one in the investigation of Jonah's character, as the proverb goes, the devil finds work for idle hands to do. Work is the twin sister of prayer, and every bit of good that is done in this world has been through work. 'Fear God and work hard' was the motto of Livingston. 'My Father worketh hitherto, and I work, who am, My father worked, therefore I don't have to.' The real business of a man is not just making a living, but living a life, and building a character."

Dr. Leslie E. Learned of Pasadena will be next week's speaker.

IS INSOLVENT.

The Admiral Manufacturing Company, makers of heaters, with a factory at No. 120 West Ann street, filed a petition in bankruptcy in the United States District Court yesterday. The debts of the company are listed at \$14,483.74, of which \$13,429.18 are unsecured. The assets are alleged to be \$12,287.33, of which \$7730 is said to be in the shape of unliquidated claims. A petition of creditors praying that the corporation be declared bankrupt was filed in the Federal Court some time ago.

MUNICIPAL PHONE PLAN IS ANALYZED.

EXPERT PRESENTS REVIEW OF IMPORTANT PHASES.

In Letter to Councilman He Says City Must Bear Expense of Isolated Research Work; Cannot Expect to Use Others' Long-Distance Lines.

Important points to be considered by the city in connection with the proposal to establish a municipal telephone system were presented to Chairman Wheeler of the Council Finance Committee yesterday by N. Banks Cregier, president of the Cregier Signal Company, and an expert on telegraph and telephone service. The most important considerations in connection with the possibility of municipal telephone system, according to Mr. Cregier, are the following:

First, that the citizens and taxpayers will demand and the city furnish telephone service of the same high class that is furnished elsewhere by cities of the same size.

Second, that the rates to be charged for this good service must be such as to permit of a general and broad development, in order to assure maximum efficiency.

In his letter to Chairman Wheeler, Mr. Cregier says in part:

"In order to keep pace with other municipalities the city will be forced to maintain a large corps of research engineers and this expense must, of necessity, be reflected in the rates and must be directly met by the subscribers instead of being spread over the country at large, as is the case with the larger telephone corporations which have more or less connection with one parent company."

"The citizens of Los Angeles do not wish to place themselves in the position of building up a wall around the city and isolating themselves from outside connections. This, however, would be to a greater or less degree the result of a municipally-owned system. The city cannot undertake the construction of toll lines to all points to which connection is desired; neither can it expect that the companies with which it will compete in the city will throw open their facilities to the subscribers to a municipally-owned system."

The letter also declares the city would be at disadvantage in purchasing supplies and equipment.

AVOID THE RUSH.

On Saturday, make a practice of showing your Sunday ads to the Times on Friday night or early. Collection for the service will be made by the home office. Main 1212, Home 1231.

PLAN TWIN OBSERVANCE.

Appomattox Day and Fiftieth Anniversary of Organization of Grand Army of Republic to be Celebrated by Big Banquet at Sycamore Grove.

The fiftieth anniversary of the organization of the Grand Army of the Republic at Decatur, Ill., and the fifty-first anniversary of Gen. Robert E. Lee's surrender at Appomattox Courthouse will be celebrated with a grand reunion of the G.A.R. posts of Los Angeles county all day tomorrow at Sycamore Grove. Comrade C. H. Hawkins will be chairman.

The four G.A.R. posts of this city, assisted by the local Woman's Relief Corps, will be hosts. It is expected that 3000 persons will be present.

The program for the day's festivities will open with an assembly call by Comrade H. H. Hall, followed by a selection by the drum corps. The invocation will be delivered by Comrade Willis M. Sapp and will precede an address by Col. J. J. Steadman. Mrs. M. G. Gonzales will then sing "The Star Spangled Banner."

An address will follow by Comrade A. H. Corman, the only survivor of the group of four men who originated and "set up" the ritual of the Grand Army of the Republic. Mr. Corman is also one of the few remaining members of the original Encampment No. 1 of the organization, which was organized at Decatur, Ill., Apr. 6, 1866. Mr. Corman's address will be followed by that of Comrade Thomas D. Wallace. Songs will be rendered by the Children's Temperance Union, and the gathering will close with the singing of "America" by those present.

BANK FOR WESTLAKE.

Home Savings Seventh Branch will be on South Alvarado Street.

The Home Savings Bank will shortly open its seventh branch bank at No. 642 South Alvarado street. Permit has been received from the State Bank Commissioner authorizing the branch. Mr. Wigdal, president of the institution, said yesterday morning:

"We expect to have the new branch ready for business at an early date. A complete and commodious banking-room will be fitted with modern safe deposit vaults and other new equipment, making this one of the finest of the family of branches operated by the Home Savings. This has been a much-needed convenience in the Westlake district and will be a welcome addition to the business community centering at Alvarado and Seventh streets."

THEY SPEAK.

That was a very pertinent question," said Mr. Porter, "and a very natural one in the investigation of Jonah's character, as the proverb goes, the devil finds work for idle hands to do. Work is the twin sister of prayer, and every bit of good that is done in this world has been through work. 'Fear God and work hard' was the motto of Livingston. 'My Father worketh hitherto, and I work, who am, My father worked, therefore I don't have to.' The real business of a man is not just making a living, but living a life, and building a character."

self he spoke of an estate in the city and declared he would never be wealthy.

Following his arrest on a charge of vagrancy, he was taken to the police station and the police visited the town and never returned.

A favorite amusement of the town has been to quietly enter the city, a big hotel, place a blank paper on the floor and then guests to step aside while the owner of the room looks over the design on the floor. When the score or more persons called in his every movement, he felt in his pockets and forgot something and went by out of the place. A moment he would appear at another place, down quietly and find a great amusement in listening to the guests of the on-lookers. He kept a crowd waiting for his return.

For several weeks he has been in poor health and frequent trips about the city have been a great deal to him. He has been a guest at the hotel where he was formerly a house detective is probably often stated by the police. SUNRISE EASTER SERVICE.

Young Women's Christian Association Plans Outdoor Meeting.

The Young Women's Christian Association invites its members and their friends to an Easter service to be held at sunrise in the park of the Clark Memorial Home, Loma drive.

Dr. James A. Francis will give the message. Mrs. M. H. Francis will give the prayer. Miss Helen Grace will play a cornet solo and the choir will sing. The service will close with a talk on "Preparation for the Easter Service" by the Rev. J. J. Steadman. The second talk will be given by Rev. J. J. Steadman. The public is invited to the service.
